## **Course Description:**

This class focuses on the tactical employment of the sidearm. It will include an objective evaluation of the current capability level of the individual and the group, detailed breakdowns of each skill and perfect repetitions performed with coaching and feedback. Technical and base tactical skills should be the responsibility of the individual, and this course builds a solid foundation for the individual to sharpen their skills so that they can be an asset to their team. The class will focus on the following:

- Safety
- Stair-stepped shooting techniques that cover all the basic skills needed for surgical shooting.
- Threat Discrimination
- Use of cover tactics
- Movement tactics
- Students will achieve training goals through time and accuracy standards.
- Individual shooting plans will be developed and used.
- Shooting “work out” plans for future individual development.

## **EQUIPMENT NEEDED:**

Tactical gear or Patrol rig to include pistol, holster, magazines, eye and ear protection. Bring water and inclement weather gear. Also, bring weapon cleaning equipment. 500 PISTOL ROUNDS. The instructor will provide handouts electronically.

## **START INFORMATION:**

Class will begin at 8:00 AM at the Host Range.
