

Here comes another year in Sharon WI.

The Sharon Chamber of Commerce would like to thank the volunteers and partners who have dedicated their time and monetary contributions. Keeping the village activities going through the years has had its challenges. As things change with the times, without their help Sharon will no longer represent the history that has built this community. Events, which have been going on for decades within Sharon, are important tools for the community to establish relationships and experiences. Throughout the years several organizations have found Sharon to be a great place to organize and share their constructive ideas. You do not have to be a member of an organization to contribute or volunteer your time. Sharon Wisconsin needs those who are willing to "Work Together" to reestablish its community base. It all starts at the ground level. Your support keeps the smiles and laughter happening! The contributions of the community and the Sharon Chamber of Commerce help support and organize the events. Volunteers and partners make it possible. Contact the Sharon Chamber of Commerce to see how you can make a difference.
