The Anatomy of Deep Deliverance – Part 1

As a rule, problems cannot be solved at the level of awareness that created them. You need a higher level of awareness. Deep deliverance

We will go into two working scriptures. The first one is the popular Daniel 2:22. This is to establish a spiritual fact. It says this, ***“He revealeth the deep and secret things: he knoweth what is in the darkness, and the light dwelleth with him.”*** This means there are certain things in our world that are shallow. There are certain things in our world that are surface. But then there are certain things in our world that are very deep. Deep things are also secret things. The only person who has the power to reveal them is

the Almighty God. That is to establish that there are deep things and there are surface things.

There is deep pain. There is deep affliction. There is deep discouragement. There is deep sorrow. There is deep strife. Whereas there are also surface ones of all these things. Psalm 42:7a now opens our understanding more. It says, ***“Deep calleth unto deep...”*** That means if something is deep, you have to be deep to address it. If something is deep, you need to also be deep to deal with it. Surface will call unto the surface and deep would call unto the deep.

This topic will make me tell you one of my favourite stories to encourage you and to advise you that you should not masquerade under anything. Come open unto God, no matter who you are and no matter your position, and God will be able to help you.

There was this boarding school in which it was a rule that nobody went out at night. But boys are very funny. They play a lot of truancy. So people still smuggled themselves out at night and smuggled back into the school. They went out to attend parties and then ran back to school. So if you went out at night, there were only two ways to enter back into the school. You could climb the tall gate at the front, and that tall gate had a lot of barbed wire on top of it. Many times the barbed wire had injured boys. So you scale and climb that high gate and then you jump down into the school compound and run across the field to the dormitory where they sleep. That was Route 1.

Route 2 was slightly more dangerous than that. Route 2 was a low wall at the back of the principal's house. So

if you took that route and jumped over that low wall, you entered into the corridor of the principal. Then you run through the field to your dormitory. There was a boy called Jones. He went to a party at night. He did not want to pass through the gate. So he went through the principal's place. He jumped the low wall. As he was going to run through the principal's corridor, this was at 1 a.m. at night, he found that the principal was seating at the corridor reading a book. So quietly he went under a bed that was in the corridor. At 1 a.m.

By 2 a.m. the principal was still reading. Jones was under the bed. 3 a.m., the principal was still reading and Jones was under the bed. Mosquitoes were biting him but he could not slap himself for fear of attracting the attention of the principal. He stayed there lying down under the bed. 4 a.m., the principal was still reading and Jones was under the bed. At 5 a.m. the principal packed his books from the table and as he headed to his room he said, "Jones! Anytime you get out from under that bed, report to my office." Here was Jones trying to hide and not knowing that he had been seen right from the time he got inside. It is a strange thing that some

Deliverance ministration will fail if the deliverance candidate does not open up enough to divulge necessary information

people come to church and hide from the Almighty.

REASONS DELIVERANCE COULD FAIL

A lot of people go for deliverance but many times the deliverance fails. They wonder why there is no change after the deliverance. There are many reasons why deliverance could fail:

1. **The deliverance candidate may not want to be delivered.** As strange as it sounds, some people do not really want to be delivered. Some do not want to lose their strange powers. They do not want to lose the privileges and counterfeits of the negative authority they have. They do not want to lose the advantages those things give to them. A person may be under an evil influence and not really willing to be free. Some also do not want to be delivered because their conditions attract extra sympathy and extra kindness from family and friends. When a person really does not want to be delivered, attempts at deliverance may result in failure.

A friend of mine has laid hands on a woman before, praying for her, saying, “I bind and cast out every familiar spirit, I bind and cast out every spirit of this and that...” But he found that the woman was just looking at him and not saying amen. So my friend said, “Madam, you are not saying amen.” She said, “Pastor, I did not tell you that I need deliverance from familiar spirits. I said I have a headache. That is what I said. Who sent you to familiar spirits?” So that woman did not want to be free. She was just there pretending. Many do not want to be free, so it is difficult to free them.

So when a person comes sometimes for deliverance, it is good to ask, “Do you really want to be delivered?” Did you not notice the funny question of

As strange as it sounds,
some people do not really

Jesus, “Wilt thou be made whole?” What kind of question is that? The man had been there for 38 years but Jesus had to ask him. Jesus asked another blind man, “What do you want me to do for you?” They had to say with their mouths what they wanted.

It was at Tafawa Balewa Square in Lagos, Nigeria many years ago. There was a powerful crusade going on there. The blind were seeing and the lame were walking. All kinds of strange deliverances were taking place. But there was a blind man who was at the gate of the venue. He never entered into the crusade one day, He just stood at the gate begging. On the final day of the crusade, one overzealous brother saw him and said, “Mister, God is doing wonders at the crusade and you are begging here!” So he laid hands on him and said, “In the name of Jesus, receive your sight!”

The brother only prayed, he too was not really expecting anything to happen. All of a sudden, the man said, “Hey! I can see!” Everybody coming to

the crusade started jumping up. We expected that it was the blind man who will jump up the most, but he started crying. He said, “See now. Who asked you to open these eyes? Do you know how much money I make here?” Here was a man who did not really wish to be free. That is responsible for deliverance failure.

A woman goes for deliverance. She ran there because men were always running after her. But after praying for a while, she thought “If I do this deliverance, people would not be running after me again.” So she dropped that aspect and went to another deliverance. There will be no deliverance. So that is point 1. The deliverance candidate who really does not want to be delivered.

2. **Lack of information.** Insufficient information. Deliverance ministrations will fail if the deliverance candidate does not open up enough to divulge necessary information. Some are ashamed of the things they ought to talk about, so they do not give relevant details to help the pastor. Some are very proud and arrogant. Others fail to realise that aspects of their past are relevant for them to receive full deliverance. The Bible says in Proverbs 11:9b, ***“But through knowledge shall the just be delivered.”*** Listen carefully beloved, whatever is not known, or is concealed, remains in the dark, and the dark is the territory of satan. Since it is the territory of satan, it is not brought to the light, it cannot be exposed. So if you are hiding like Jones the disadvantage is yours.
3. **Lack of repentance and insufficient brokenness.** Sin opens the door for demonic invasion. Unrepentant sins provide the basis for demonic strongholds. Without repentance, some demons can never be dislodged and some captivity will not end. The Bible says in Psalm 34:18, ***“The LORD is nigh unto them that are of a broken heart; And saveth such as be of a contrite spirit”*** One may say the right words without really having the heart and spirit of repentance. When you repent, you break a stronghold that would dislodge the enemy.
4. **Not using the right words or weapons.** The right words and spiritual weapons produce better results. Praying without using the right words or spiritual weapons may result in failure. Some demons respond to some weapons but not to other weapons.
5. **Absence of fasting.** Some demons do not go except there is fasting. Jesus Christ made that very clear in Matthew 17:21. He said, ***“Howbeit this kind goeth not out but by prayer and fasting.”*** So there are some demons that would not move if you do not fast. I feel sorry for those who cannot do the ordinary Power Must Change Hands fasting. I feel sorry for those who dodge small fasting that is to help them.
6. **Unbelief.** Lack of faith. When there is no faith and doubt is

present, the words spoken, or commands given, to those demons may be ineffective. Doubt and unbelief can negatively affect the result of deliverance. When you doubt whether you can ever be free, when you keep saying, "This one has prayed for me and that one has prayed for me..." all over the place.

7. **Insufficient prayer.** When prayer is not enough you are not getting anywhere. When prayer is inadequate, the person will not get anywhere. When you under pray, you would not get anywhere. Insufficient prayer investment may cause deliverance to fail. Sometimes deliverance happens in a second. Sometimes you need to persevere in prayers. In other words, the prayer ministrations must continue and continue with sufficient prayer for a long enough time until the deliverance takes place.

You may say, "Why is that so?" I am speaking from a pulpit at the front of this hall. If I gave you a hammer and said, "Destroy this pulpit" Unless you are super powerful, you cannot use one

hammer blow to destroy this pulpit. You will deal several blows on it. But each blow you give will weaken it. It is the same with prayer. That is why Jesus said we should pray without ceasing. This is because each prayer weakens the enemy. And as you continue praying, one day that thing you have been battering with the hammer will suffer the last blow and collapse. You need to keep on.

The value of the prayer we pray together is a lot when compared with a single man's prayer. If there is a bird, and I gave you a stone and said, "Stone this bird." You may throw your first stone and miss. You may throw all your five or ten stones and still miss. But in united prayer, the kind of prayer we pray, where about five thousand people take stones and stone one bird, there is no way that bird will escape. That is the power of united prayer.

So on the deliverance ground, people pray together. In church, people pray together. The prayer is like all of us throwing stones at the same time. The Bible says when the apostles

prayed together in the upper room, the place where they were gathered was shaken. When people are praying and buildings are shaking, which demon will stand?

8. **Absence of follow-up action.** No follow-up. Many deliverance ministrations fail because the counterattack of the demons took them unawares. This is because the Bible says the unclean spirit would go and gather more powers to come and fight. When an evil spirit leaves a person it does not go far. So after deliverance, the counselee should be told that they must maintain the habit of righteousness, the habit of Bible reading, prayer and fasting, regular fellowship, and running away from sin. All those jezebellian things you took away when you were going for deliverance, you should not go back to them because those things are strong enough to get the enemy back into your life.

How can someone hope to maintain or retain deliverance when the hair on your head, what you call a weave-on, was the hair on the head of a woman

who cut it off to donate to an idol to answer her prayer? So their priests sell off the hair, and they bring it to our country, and foolish people buy it and attach it to their head, the symbol of their destiny. And they hope to be delivered. No, you have opened doors for the demons to attack you. This is a serious matter. I pray that all the spirit of, "I want to look fine, I want to look okay, I want to look beautiful..." will not destroy so many people in Jesus name. That is why the Bible says beauty is vain. I want you to understand this very well.

9. **Deliverance is deep but we are addressing it surface-wise.** When there are deep issues to address, God who is a kind God, knowing that many of us are not patient enough, consecrated enough, and serious enough to hear the voice of heaven, He now runs a school in the middle of the night. That school is called the school of dreams. Your dream is your spiritual monitor. It tells you what is going on in your life in the spirit realm. When there are deep issues going on and the Lord sees that you are not getting it, when you

get under that sleep anaesthesia, He comes in the night to try and explain to you. Whether you understand it or not is another thing.

When in a dream you are looking at a mirror but you are seeing a face different from your face, you need a deep deliverance. It means you are not you. You have been exchanged.

You are married on earth, you have a husband, you have a wife and you have children, but you always see yourself in another setting with another wife, another husband and another set of children in the dream. It is a deep deliverance case. It means you are living a double life and there is no way that spirit one will not affect the physical one. It calls for deep deliverance. You may brush it aside and say it does not mean anything.

You are in a dream and you see parts of your body missing. In real life all your body parts are complete, but now some parts are missing. It means there is a satanic surgery that has taken place in your life.

You are dreaming and you are being pursued. You run and they run. You fly and they fly. You hide and they hide. You swim and they swim. Then you are dealing with enemies that have mastered your operations. It is a deep deliverance case.

You see yourself in labour and you delivered a non-human material. It calls for deep deliverance. It means you are spiritually pregnant. You may not know, but you are spiritually pregnant.

If you see yourself in a dream getting married to your father or your mother, it is very deep. It means there is a witchcraft soul tie somewhere. If you see yourself sleeping with your mother or your father in the dream, it means there is an ancestral spirit spouse.

If you see yourself vomiting strange things - serpents, worms, cowries - it means there is an internal spiritual cage.

If you had a dream where you were being pursued by headless creatures, it means that you

have some senselessly destructive enemies.

I am just giving you examples. I can give you about a thousand that indicate that a deep deliverance is necessary.

When deliverance is not deep enough, when a situation calls for deep deliverance and it is not done, the deliverance fails. When you apply surface and shallow deliverance to deep deliverance, of course, it does not work.

Definitely, there are deep troubles. There are secret troubles. Only the deep can reach the deep. Just as minerals like gold, diamond and oil are not found on the surface and you have to dig deep for them, deep deliverance requires digging deep. As a rule, problems cannot be solved at the level of awareness that created them. You need a higher level of awareness. Deep deliverance.

DEPARTMENTS OF DEEP DELIVERANCE

There are seven major departments of deep deliverance.

1. Sexual bondage. Sexual immorality is a very effective satanic device to enslave people and to attract the judgement of God. Sexual immorality brings about the transference of some spiritual traits like poverty, demotion, insanity, failure, epilepsy and so on. When you sleep with a man or a woman, it is not a physical exercise. It is a spiritual thing. Therefore you share the demons of the person. If the person has two hundred demons, you also share a part of the two hundred demons. If you are a man who goes around sleeping around, you just fragment your life all over the place.

Sexual immorality implies a covenant. It implies a soul tie. It implies the exchange of blood. Whenever you have sex outside marriage, you have entered into the spiritual realm illegally because sex is a spiritual thing and not physical. You join yourself to the spirit of harlotry.

You become one with that strange partner. You therefore automatically become a weapon in satan's armoury. You will take away something you did not have from that encounter of sex, and then you will also leave a part of yourself behind. You deplete yourself and split your soul.

Many men are failures now because they have contracted the spirit of failure through sex. Some of the greatest troublesome bondages where deep deliverance is required are acquired during sexual intercourse. Jacob faced Rueben and said, "Rueben, you are the first born, but thou shall not excel..." Why? Sex.

When a man is a gold mine or a woman is a gold mine, and they keep sleeping around, they are giving out those virtues. This is why for some women, if they want to be honest, the men that wasted their time when they were young are now very rich, but they are very poor. This means that they have stolen their virtue away and they are prospering with it. You need to

fight like a warrior to recover everything you have lost.
