The Anatomy of Deep Deliverance – Part 3

Life will only give to you what you demand that it gives. Strongmen are wicked. Genetic liability demons are wicked

I am going to read these two very interesting verses from Luke 1:74-75, ***“That he would grant unto us, that we being delivered out of the hand of our enemies Might serve him without fear, In holiness and righteousness before him, all the days of our life.”***

What is the full implication of this scripture? It means that without being delivered out of the hands of our enemies we cannot serve God without fear. We cannot serve God in holiness. We cannot serve God in righteousness all the days of our lives. Without that deliverance, holiness becomes a difficult task. Without that

deliverance, living in righteousness becomes a difficult task. Without that deliverance, we cannot serve God without fear. This is what this scripture is telling us here.

Jesus came to save, to heal, and to deliver. The mandate of deliverance is something preached by Jesus and ordered by Jesus. Jesus never sent anyone out without the deliverance mandate. You see beloved, whether we like it or not, the battle of life comes upon every man. There is no man who has an escape ticket from that battle, and to make our lives count, we will have to fight. Many will suffer from the cradle to the grave until they engage in this ministry of deliverance and ministry of conflict.

A lot of people understand the two mandates of Jesus, to save and to heal, but to deliver is sometimes difficult for many people to comprehend. That deliverance is to expel bad spirits in whichever area they are operating, whether it is a thing, a person, or an environment. That deliverance is like you serve a quit notice on the bad spirits and say, “Get out of here.” That

deliverance is like you look at yourself and you find that something is holding you and you are breaking those chains. That deliverance is what the Bible calls loosing the bands of wickedness. The bands of wickedness chaining us. The Bible talks about the bands of wickedness.

That deliverance is to break the yoke the enemy uses to retard people. That is what deliverance means. That deliverance is to remove curses, spells and jinxes. It is to reverse curses. A curse may be working on the whole of a family. It could be forces of oppression. It could be sexual urges. It could be alcoholism. It could be false religion. It could be masturbation. It could be anything that is a bondage but is present in the family. Deliverance is to break such chains.

Deliverance spreads its tentacles from human beings into houses. That deliverance is the spiritual cleansing of houses, spiritual cleansing of offices and spiritual cleansing of factories, of

shops and of business areas, chasing out the bad spirits in that environment. There is something known as environmental deliverance. Deliverance is to escape from the prison house. If God opens your eyes in the spirit, you will find that a lot of people are inside prison houses. Deliverance is the removal of evil loads.

There is an aspect of deliverance which is very important. It is the uprooting of evil seeds and evil trees planted into people's lives. What kind of wickedness is this? To plant seeds and trees in people's lives. That is why we sing the song, "Evil plantations in my life, come out, in Jesus name." We sing that song because there are plantations of darkness. There are things that have been planted in people now, which may not manifest immediately, but are being programmed to manifest in the future to destroy the person's destiny. Those are evil seeds. Deliverance is the destruction of the works and workers of satan.

This happened over 10 years ago. We were in Abuja and there was a word of knowledge at a meeting, "There is a lady here. You are not married, but the reason you are not married is because you are married to a serpent. Right now, that serpent is dead." There was a lady in that gathering, 39 years old, a virgin, prosperous, but no husband. Men did not just show interest. She

Deliverance is to escape from the prison house. If God opens your eyes in the spirit, you will find that a lot of people are inside prison houses

was in that meeting and she just shouted a dry Amen. She did not believe she was the one concerned.

They left the meeting. She lived on the 4th floor of a tall building in Abuja and there was no forest or bush around. When she arrived from the prayer meeting, entered into her flat, and got into her bedroom to undress, she saw that something was sleeping on her bed. The bed clothes were on top of the thing. She was afraid and said, "Who can come here to sleep?" She wanted to run away but something told her, "How can you be coming from a prayer meeting of Mountain of Fire and Miracles Ministries and you are afraid?"

So, she tiptoed to the bed, held the bed clothes and whipped them off. Beloved, under the bed clothes was a giant python? A huge snake. The head of the snake was on her pillow but the serpent was dead. She was afraid and she screamed, She called those who were living close by. The serpent was so big that it was not a question of "Take away the snake" no. It was "Drag away the snake." They dragged the snake away from the place. For the first time in her life, she knew that she was indeed married, and that every night her husband was on her bed but she could not see him, and the husband was a python, a serpent. Within three months, she was married.

A lot of people have invisible companions in their houses. A lot of people have evil "follow-follow" spirits that sleep with them on the bed. A lot of people are not doing well in business because a spirit follows them there.

We are now going into a critical area which is going to involve some critical and deep prayers. One of the most lamentable passages in the scriptures, which is emphasised two other times, is found in Ecclesiastes 10:5-7, ***"There is an evil which I have seen under the sun, as an error which proceedeth from the ruler: folly is set in great dignity, and the rich sit in low place. I have seen servants upon horses, and princes walking as servants upon the earth."***

What a tragedy. Somebody who is supposed to be a prince is trekking, and the one that is supposed to be a servant has taken over the horse of the prince and is now riding in the place of the prince. This situation, the

A lot of people have invisible companions in their houses. A lot of people have evil "follow-follow" spirits that sleep with them on the bed

Bible says, is completely unacceptable.

I want you to know that it is not where people are in most cases that is their true position. Many have been removed from their original position. It is an unusual sight and it is a disagreeable sight to see servants upon the horses, as a token of their being advanced, because they have ruined or destroyed their masters. A servant reigning is disagreeable.

One of the things about which the earth is disquieted is worrying. Proverbs 30:21-22 says this, ***"For three things the earth is disquieted, And for four which it cannot bear: For a servant when he reigneth; And a fool when he is filled with meat;"*** Again, we see the protest that for a servant to reign over his master is disquieting. Proverbs 19:10 says, ***"Delight is not seemly for a fool; Much less for a servant to have rule over princes."*** It says it is not right for a servant to ride horses while a prince is walking.

It has happened before. It happened to David. His son took over his throne and he was forced to flee on foot. David needed deep deliverance that nobody could offer him at that time. This verse we read in Ecclesiastes 10:7 is telling us that princes can be on servants' horses and servants can be on princes' horses. There is a possibility that the prince can be

I want you to know that it is not where people are in most cases that is their true position. Many have been removed from their original position

displaced. There is a possibility that princes can be forcefully removed from their places of office. There is a possibility that princes might not even know the horses to ride.

It is amazing and mysterious that heaven would sit back and watch it happen. This is because if the initiative does not come from you on earth, heaven would keep quiet and keep watching. The Bible says in Matthew 18:18, ***"Whatsoever ye shall bind on earth..."*** the initiative must start from you. It is after you have done it on earth, then it shall be bound in heaven. The implication is this: you deserve what you tolerate.

There are many reasons why servants can be on horses meant for princes while princes trek on the earth. I will tell you some. There are many reasons that can cause it. Although both the trekkers and the riders may eventually arrive at their destination, one will arrive faster, while the one trekking may not even get there at all. An example is you have two people who

have to go to Kaduna in Nigeria, you gave one of them a horse and you ask the second person to trek. The trekker may never get there. Where the mystery lies is that it can continue like that from the cradle to the grave.

REASONS SERVANTS TAKE OVER THE HORSES OF PRINCES

There are many reasons why servants can take over the horses of the princes.

1. Shallow thinking. You do not think deep. When you walk with shallow thinkers, they will make you small. It is important you choose your friends very well so that you do not walk with shallow thinkers. You do not walk with people who do not think deep. If you want to be very tall you do not make a short person your standard. You must walk with people who are bigger than you so that they can push you to where God wants you to go. They are bigger than you and they do not

envy you because they are bigger than you. Small thinkers will never take a risk. They never see beyond their horizon and that is a tragedy. A serious tragedy.

Small thinkers live only for today instead of tomorrow. They dwell on petty things instead of weightier matters.

2. When you dream small. You are a small dreamer. You are not a big dreamer like Joseph. You need to dream big and talk big because your God is a big God. You are a child of the living God. Elephants do not struggle to grow big. Elephants do not even pray to get big. Elephants would automatically grow big because an elephant is produced by an elephant. So, if you are a child of God there is no reason why you should be walking on earth with servants taking over your horses. Thinking and dreaming small is not humility. Thinking and dreaming small is stupidity.
3. Lack of courage. They are not bold. They lack the courage of where to throw their nets in the ocean of life. They lack the courage to be environmental transformers. If you do not change your environment, your environment will change you.

4. When you walk with people of little perception. When you walk with people who are always saying, "No, it's not possible." These are your friends. Your friends are the failures. Then you are in trouble. Let me tell you the truth, many people think money is their problem. Money is not their problem but lack of ideas is the problem. This is because money is created with ideas. You need creative ideas and you need to be very strategic. Life is not fair. Life gives you only what you fight for. God did not call you to lose your horses to the servants. The Bible says in Matthew 19:26b, **"...with God all things are possible."**
5. When the prince lacks knowledge of who he or she is. You do not know who you are. You do not know the crown on your head. You do not know the kind of person you are. That is why I keep telling the young ones that women of destiny do not remove their underwear at the slightest provocation. When you do not know what you are, abuse is inevitable. The Bible says in Hosea 4:6a, **"My people are destroyed for lack of knowledge."** The Bible says, in John 8:32, **"and ye shall know the truth, and the truth shall make you free."**
6. When the prince does not even know that the horse is their birth right. You have a promise and you are not claiming it.
7. When circumstances and trouble force the prince, who used to ride on a horse, to now begin to trek. That was not the initial agenda, but they are now trekking.
8. Genetic liability. This is where deep deliverance comes in. There are many negative patterns and negative occurrences that are noticeable within particular families or communities. There are some negative blood line transfers. There are some unconscious evil parental transactions that have taken place in many lives. Also, many parents have entered into terrible wicked transactions with the enemy unconsciously. Genetic liabilities are empowered by all kinds of demons that limit and disempower. This is where deep deliverance comes in.

When a person has a horse, and the servants have taken it over, and the person is just walking about like a servant upon the earth, it is a very serious problem indeed. When you ride you make progress. When you ride you have supernatural progress. You make exciting progress. You get divine acceleration when you are

riding. But when you are trekking it is a serious problem indeed.

I find the Acts of the Apostles very interesting. One sermon. Peter preached just one sermon. The size of the church at that time was 120. He preached one sermon and made three thousand conversions. In one day that church became 3,120. That is what you call divine acceleration.

Are you reading this and you want to aggressively recover your horses from servants of darkness? Then check your life very well. Do you notice that all inputs and efforts fail to get the success you desire? It is calling for deep deliverance. Have you noticed that you have all the qualifications and everything to move forward, but for some reason you are moving backwards and you do not understand it? Do you notice that sometimes, at critical periods, you have this unexplainable loss of memory?

I had a friend like that who went for an interview. They asked him the first question and his memory failed him. They asked him the second question and his memory failed him. They asked him the third question and his memory failed him. He then started panicking. This was somebody with a university degree. They now asked him, "What is your name?" Do you know that he was so confused that he could not remember his name anymore? And he lost a multimillion-

dollar job. Certain powers had followed his brain to that interview.

PEOPLE WHO WILL BENEFIT FROM DELIVERANCE PRAYERS

The people I will describe now are those who will benefit seriously from deliverance prayers.

Are you reading this and something inside of you is telling you that you are supposed to be a winner but you are failing? Deep deliverance is called for. Are you reading this and you find that you are governed by powers contrary to your will? You get angry at the wrong time and at the wrong place. When they say, "Calm down" you do not calm down. Once that thing comes you cannot control yourself. Whatever comes upon your life and you are no longer in charge of yourself and you cannot control yourself is in the range of the demonic. Anything that comes up on you and you cannot say, "Look here, I must stop." You cannot stop. It is bordering on the range of the demonic.

When a rich person suddenly turns poor. If only 1% of the money that has passed through the hands of some people could stay, they would be billionaires. Something keeps removing it. There are some people who are constantly being duped. There was a man who was duped ten times. Every business he did was fake business. That case has gone beyond

normal deliverance. It needs deep deliverance.

Look at the case of a sister. Her pastor was not an MFM pastor. The mother dragged the daughter to this pastor and said, "Pastor, my daughter is your member. She has had failed engagements 13 times." The pastor said, "What did you say?" He was honest with himself. He said, "We cannot handle it here. Take her to Mountain of Fire and Miracles." Why should someone fail 13 engagements? It calls for deep deliverance.

There are some people for whom, no matter how hard they try, it is as if their trials never come to an end. As one is going another one is coming. Such people need to lose their temper with the enemy.

There are some that have enslaving habits. For example, sexual immorality. Do you know that there are some young men who must visit prostitutes every day? They go there every day. Where you will know there is a problem is when you give them the microphone and say, "Sing." They sing like angels. Give them a microphone and say, "Preach." They begin to recite scripture. But the same fellow cannot keep away from prostitutes. Something really deep has hooked them down. They just cannot get control.

All the unnatural movement in parts of the body, things just moving about,

call for deep deliverance. The sicknesses that defy medical diagnosis and treatments, doctors do not understand them and do not know what is going on, call for deep deliverance. You may find this difficult to believe. There are actually people who hear strange voices. Voices call them from the spirit realm. They need deep deliverance. Very deep deliverance.

There are some that are being constantly harassed by all kinds of spirits. They need deep deliverance. If after going through normal prayers, spiritual discipline, and applying the word of God, victory is slow or non-existent, deep deliverance is called for. Hear this and hear this well, sometimes it is easier to deliver a witch than to deliver a fornicator. This is serious trouble.

There are strongmen that control families. Every family has its own characteristic strongmen controlling it. One man prayed a prayer at Prayer City in Lagos, Nigeria. He was a sophisticated gentleman and he was highly educated. When he heard me call the prayer point, he said, "What kind of prayer is this?" But he decided to pray it anyway. He opened his mouth and prayed the prayer loud and clear.

He only mentioned the prayer point once, and then he did not know where he was again, until the end of the

Power Must Change Hands programme. That day I said everybody should shout their surnames loud and clear like this, “Demons attached to that name release me.” That was the prayer and off he went on the floor. He did not stand up until we shared the grace to end the program.

When he stood up, he began to share this revelation. He saw a range of men at the front of a judge in a dark courtroom, and one by one the judge was asking them, “Are you of family of so and so?” “Are you of family of so and so?” As each man said “Yes,” the judge said, “You, you are jailed for 100 years... you 75 years... you 200 years... you 300 years...”

He said he wondered, “How old would they live? You are jailing a man for 300 years and maybe he is going to leave for 70 years and die. Jailing him for 300 years?” He did not understand. He did not know that the judgement they were issuing upon them, if they jailed him for 300 years in that evil court and he lived for only 50 years, the other 250 years will be shared out among his offspring that were not in that courtroom. The judge went on like that.

When it got to the turn of this brother, before the judge could open his mouth to talk, he said, “I silence my silencers, by the power in the blood of Jesus.” And the judge could not talk and said, “Take this man out of here.” Then he

opened his eyes and found himself with his three-piece suit and tie lying flat on the floor of Prayer City. He is now outside Nigeria. He won a huge contract after he had been delivered from that.

So, every family has their own strongman controlling them. You do not know what transactions were done by your forefathers. Whether we like it or not, many of our forefathers did not serve the living God. They actively served the devil. That is the truth.

You need to become a friend of God. You need to repent from all known sins. You need to lose your temper. Life is not fair. Life will only give to you what you demand that it gives. Strongmen are wicked. Genetic liability demons are wicked. They are the ones who would say, “This is how far you can go. They do not go further in your family. Do not bother yourself.” “You? You cannot marry. Has anybody married in your family? Has anybody done church wedding in your family? Do not worry yourself.” “You? You cannot be rich. Everybody in the family is poor.”

This is why you have to lose your temper. Like that man at Prayer City that shouted that prayer point or like that woman at Tafawa Balewa Square in Lagos, Nigeria, in 1995 that shouted the prayer, “Every strongman at the edge of my breakthrough, fall down

and die.” That was the prayer that day. I called the prayer point around 12 midnight and she fell down. She did not open her eyes until we shared the grace to end the program.

In that short period, she saw herself in the palace of a king. All the five daughters in her family, including herself, were wearing the same uniform as that king. In that revelation it was clear that the king was the husband of all of them. All five women were not married. She was 41 or 42 years old at that time and she was the second to the last daughter. She then faced that king and shouted that prayer. The king somersaulted from that throne. The evil king assigned against you shall summersault from his throne. That is when we said, “Let us share the grace in fellowship.” That is all she saw in five hours. Within three months she was married. The only one out of the whole family.
