Stop Generational Curses

Generational curses can turn winners into failures. They can turn royalty into servanthood. They can turn abundance to lack. They can convert fertile lands to desert land

1 Samuel 2:29-33 gives us a graphic example of what a generational curse is. This was God speaking against Eli:

“Wherefore kick ye at my sacrifice and at mine offering, which I have commanded in my habitation; and honourest thy sons above me, to make yourselves fat with the

chiefest of all the offerings of Israel my people? Wherefore the LORD God of Israel saith, I said indeed that thy house, and the house of thy father, should walk before me for ever: but now the LORD saith, Be it far from me; for them that honour me I will honour, and they that despise me shall be lightly esteemed. Behold, the days come, that I will cut off thine arm, and the arm of thy father's house, that there shall not be an old man in thine house. And thou shalt see an enemy in my habitation, in all the wealth which God shall give Israel: and there shall not be an old man in thine house for ever.

And the man of thine, whom I shall not cut off from mine altar, shall be to consume thine eyes, and to grieve thine heart: and all the increase of thine house shall die in the flower of their age.”

What a curse. The future generations of Eli were not born yet. Their fathers had not even found their mothers, but anyone born in that line had inherited a curse. Unfortunately, the Lord said “Forever”. That meant they could go to the most anointed person, but it would still be very hard to break.

We look at another example in 2 Kings 5:26-27. ***“And he said***

Satan and his men also issue malicious curses under their dark anointing, and God knows that it is a very important thing when they issue curses

unto him, Went not mine heart with thee, when the man turned again from his chariot to meet thee? Is it a time to receive money, and to receive garments, and oliveyards, and vineyards, and sheep, and oxen, and menservants, and maidservants? The leprosy therefore of Naaman shall cleave unto thee, and unto thy seed for ever. And he went out from his presence a leper as white as snow.” So, if you saw lepers on the streets in those days, maybe even up till now, and you started to trace their family line, you may trace it down to the lineage of Gehazi.

These examples show God and His men issuing curses under divine anointing. The opposite is also true. Satan and his men also issue malicious curses under their dark anointing, and God knows that it is a very important thing when they issue curses. That is why God

took it seriously when Balaam wanted to issue curses against Israel. He knew that the curses could also be effective with that evil anointing.

Generational curses can turn winners into failures. They can turn royalty into servanthood. They can turn abundance to lack. They can convert fertile lands to desert land. They can convert results into insults. They can convert someone who is a gold mine into a dustbin. They can convert marriages to monuments. They can convert eagles to chickens. They can convert heroes to zero and celebrities into dunghills.

Most people are victims of these curses, so you must decide to break them and determine not to pass the curses to your children. Choose to pass blessings instead. When children are illegitimate, their children

would also probably be illegitimate. It has been proven scientifically by research that when prisoners get out of prison, 85% of them go back within three years. Their children and grandchildren are also more likely to go to prison. This is why, no matter how brilliant you are, you cannot get some jobs in some countries if someone in your family has gone to jail or has had a criminal conviction. They believe that tendency has been transferred to you one way or the other. Make up your mind to break it at your end so it does not get transferred to your children.

Most people are victims of these curses, so you must decide to break them and determine not to pass the curses to your children

Drug addicts pass the drug addiction to their children. It is not because those children are bad people. It is not because those children decide to take drugs. It is because there has been a transfer in the spirit realm. An automatic evil transfer and an evil inheritance. That is why the children have to misbehave.

People from polygamous homes have a high propensity to also be polygamous. If you look at the backgrounds of some people who claim to be handsome young men with six or seven girlfriends scattered all over the place, you will find that they come from polygamous homes. The anointing of their father's eagle has been transferred to their eaglet and they have started at their young ages.

If your father used to beat up your mother, and if you and your mother do not break it, it

Some families have been cursed with poverty from generation to generation. Some get to the verge of signing lucrative contracts but never do it

is just a matter of time before your husband begins to beat you up. It goes that way. That is why this is a very serious battle. Some families have been cursed with poverty from generation to generation. Some get to the verge of signing lucrative contracts but never do it.

A man fell in the center of London and died on the street. He was an African man. To know who he was and where he worked, people put their hands in his pocket and found three identity cards. This man was a security guard at night and a mail dispatch officer during the day. In the evenings, he worked in a restaurant. He

was working three jobs a day to survive and now he had fallen in the street and died.

So, they saw his address and went to the place. Those who went to break the news to the family were surprised to hear loud music as they approached the house. Serious disco music with dancing and rejoicing. So, they knocked on the door and it was opened. The person who opened the door asked, "Why are you people looking so sad? Today is a day of joy. Rejoice with us." The people at the door asked, "Excuse me, does this person live here?" They said, "Yes. That is our father. That is why we are rejoicing. He was just appointed as an

ambassador of our country." The visitors said, "Sorry. He is dead."

Some families are under a curse that makes things always fall apart at the last minute. Things would be going well and then they would fall apart at the last minute. A family prepared extensively, ordered food, and bought a wedding gown and all kinds of things. Everything went well, but at the last minute, the husband refused to show up at the church service. They started looking for him and found him playing lawn tennis on his wedding day. They said, "Ah, today is your wedding day. You are supposed to be in church. What are you doing here?" He said, "I want to deal with that lady." They started crying and shouting. They dragged the bride to church in 1995, almost dying. The mother was also crying. I pointed at the mother and said, "Mummy, where is

your husband?" She said, "Sir, he walked away on my wedding day." I said, "Do you see?" From mother to daughter. From father to son.

Some families are operating under a curse that makes projects never get started. A person plans to build a house. They buy the land, but it is on that land they would eventually bury the person because they never carry out the project. Some start projects and they never get finished. For some, certain types of sicknesses kill generation after generation. Sometimes it is heart disease. They would tell you the same

thing killed their parents. Sometimes it is cancer, diabetes, or hypertension. It keeps flowing from one generation to the next. This is why you need to get mad in your spirit as you break these curses.

In some families, someone is always mentally imbalanced. In some families, they are religiously blind. Nobody in that family goes to a true church. They are the ones who follow rebellious pastors who break churches. Following a rebellious pastor who broke a church means that you were also under a curse. So, you just had to comply with it.

There is nothing Heaven can do to help you if you have a facility but do not use that facility

In some families, all the men are poor. In some families, all the women have to feed their husbands. The husband will never get a job and never work. In some families, they are all vagabonds. You will find them going to stand at the

front of hotels or businesses. They do not do any stable work. They ask passersby, "Do you have anything for us?"

In some families, it is alcoholism. They are all drunkards. Both male and female. In some families, they always argue blindly. For some it is bitterness. For some it is confusion. Everyone is confused in such families. Some families have been cursed that friends would always abandon them in their time of need. Every good they do is repaid with evil. In some families, it is financial failure. They could have very big things, but they dwindle and die in their hands. In some families, they are always victims of stray bullets and accidental deaths. In some families, it is laziness. In some families, it is horrible dreams with masquerades, bats, crocodiles, lions, and snakes. Everyone has dreams like that.

A grandmother, a mother, and a daughter came to church. They all had one complaint. They said something was moving all over their bodies. It was not affecting the male children. Just the females. For the daughter, who dragged them to church, anytime she became pregnant, that thing would immediately crawl to the womb area. She told me she would see the thing tapping the place until the baby dropped.

In some families, it is uncontrollable anger. They have such bad tempers. In some families, it is marital failure. In some families, it is rebellious children. In some, it is having dangerous desires. The thing one should not do is what they would say they want to do. For some, it is worry. For some, it is divorce. For some, it is gambling. The grandfather is

a gambler. The father is a gambler. For some it is debt. They always have this heavy yoke of debt troubling them.

But the good thing is this: Jesus hung on the cross. Galatians 3:13b says, ***“it is written, Cursed is every one that hangeth on a tree.”*** So, He has redeemed us from any curse by His hanging on that tree. It is now you who should use that facility to set yourself free. For example, there is no point in blaming the government if there are so many people on the streets who are dirty. Soap has been made available, but they do not apply it. There is nothing Heaven can do to help you if you have a facility but do not use that facility. It is possible to fight this issue just like Jacob fought.

HOW TO STOP GENERATIONAL CURSES

1. Surrender your life to Jesus Christ.

2. Confess and repent from your own sins.
3. Confess and ask for forgiveness for your ancestors' sins.
4. Break any soul tie you have with those your sinful ancestors.
5. Command the demon assigned to that curse to leave you.
6. Cut yourself off from that curse by prayer and break the curse.
7. Barricade your life so that those things do not come back.

You need to pray serious prayers. Not long prayers, but serious prayers, to break the flow at your end.

I shared with you many years ago the case of this woman who came to report her husband. The man was not interested in working and did not go to work. It was the woman who was working. She

would wake up at 5 AM to get dressed to go to work. The man who was sleeping by her side, and was not going to work, would say, “Madam, before you go to work, make sure my breakfast is on the table.” Then he would cover his head again with a cloth and sleep off. When the wife got back from work, the man would be stretching his legs on the table and watching television. When Christmas approached, he would say, “My dear, would it be nice if your husband wore shorts and followed you to church? When are you going to buy my Christmas clothes?”

The woman came for prayers. She believed that the husband had a problem. But when she came the Holy Spirit said, “No. She has a curse to break. Ask her how many women are in her family and how many are married.” So, I said, “Where is daddy and mummy?” She said,

“Mummy is alive, but Daddy is dead.” I asked, “How many children did they have?” She said, “We are seven sir. Five girls and two boys.” I continued, “Where are your other sisters?” She said, “They are scattered all over the place.” I asked, “Are they married?” She replied, “No, Sir.” She was the only one who was married. So, that anti-marriage curse wanted to break that family.

Jacob knew that he was not a blessed man and that he was under a curse. So, he said, “Unless thou bless me, I will not let thee go.” That means he was telling the angel, “Break this curse. Break it.” And the angel broke it.
