## The Dustbin of the Almighty - Part 2

God prepared Hell Fire for  
the devil and his angels.  
You are NOT supposed to  
go there

Last month we introduced this topic and learnt that God has a dustbin and that dustbin is Hell Fire. We also shared some testimonies of brethren who have had visions of Heaven and Hell Fire. We now continue from where we stopped.

### HARD FACTS ABOUT HELL FIRE

1. There is a place known as Hell Fire. It is a real physical place. It does not just exist in the imagination. Matthew 13:49-50 reads, ***“So shall it be at the end of the world: the angels shall come forth, and sever the wicked from among the just, And shall cast them into the furnace of fire: there shall be wailing and gnashing of teeth.”***
2. God prepared Hell Fire for the devil and his angels. That means you are not supposed to go there. Matthew 25:41 reads, ***“Then shall he say also unto them on the left hand, Depart from me, ye cursed, into everlasting fire, prepared for the devil and his angels:”*** So anybody who gets there is a trespasser. It was not prepared for you or for me.
3. The devil wants everyone to go to Hell Fire. He is working hard to see that everyone goes there. It is you who should say, “No, I am not your candidate. I will not go.”

4. Man will sentence himself to hell because there is nothing hidden before God.
5. Hell Fire is a place worth giving your arms, legs and eyes to avoid. Jesus said if your eye will make you to miss heaven then you should take it out because it is better to enter into heaven without eyes than to have two eyes and enter into Hell Fire. He said if your leg will keep you from going to heaven then you should cut it off because it is better for you to enter into heaven without legs than to walk with your two legs into Hell Fire. He said if your hand will make you to go into Hell Fire then you should cut it off because it is better for you to enter into heaven with one hand than to have two hands and enter into Hell Fire.
6. Hell is more terrible than language can express. You cannot describe it. The only person who tried to describe it was Jesus Christ because He did not want us to go there.
7. Hell is a place of tormenting fire. There was once an accident where a man was driving a car and tried to jump out of his car but a trailer fell on him. The trailer was on his two legs and the top of his body was outside. Unfortunately, the trailer then caught fire. The man was screaming for help but the people who went to help were not strong enough to lift up the trailer and the burning fire was chasing them away. So the man begged that somebody should take a knife and cut off his legs so that he could be pulled out but nobody could just take a cutlass and start to cut off the legs of a living person on the street. They could not do it and they watched him roast to death. Fire is a terrible thing. If you pour hot water on your body you know the pain you will feel. So for a person's whole body, soul and spirit to now be thrown into Hell Fire and burn,

Hell is more terrible than language can express. You cannot describe it

not for one minute, not for two minutes, not for one year, not for three years, but forever, is not to be joked with at all.

8. The most terrifying aspect of Hell Fire is that it will last forever.
9. Jesus spoke about heaven only once, but spoke about Hell Fire eleven times. He was trying to warn us not to go there.
10. The saddest thing about Hell Fire is that you do not have to go there. You have to make up your mind that you will not be a candidate of Hell Fire.
11. One thing that is worse than going to Hell Fire is going there and taking somebody else with you. Perhaps you were the one that introduced some people to sex and now they can no longer control themselves or you introduced somebody to hard drugs or some vices. Now you say you are on your way to heaven but those people are on their way to hell. That is worse than going to Hell Fire. A lot of people will get to heaven and would still be crying there because they see their loved ones, their father, their mother or their brother in Hell Fire.

Plenty of pastors will still cry because they will get to heaven and find that they cannot find some of the people they preached to in that place.

12. Hell Fire is one place where experience is not the best teacher. In fact, the common saying, "Experience is the best teacher" is not correct because the original old Welsh proverb says, "Experience is the best teacher for a fool. The wise do not need it." Experience only becomes a teacher when you can experience it and come out alive. If you take a vehicle and say you want to experience how to drive at 120 mph around a corner, you may not live to gain any benefit from that experience. Once a person gets into Hell Fire, that is all. It is finished.

Jesus spoke about heaven only once, but spoke about Hell Fire eleven times. He was trying to warn us not to go there

13. There is only one way into Hell Fire and there is no way out. Once a person enters they are not coming out. One way in, no way out. The gate of hell is the only gate that can only allow people to enter and does not allow people to come out. People have come out from heaven before and went back to heaven. Jesus came from heaven and went back there. Once a person enters into Hell Fire, there is no gate to come out from. There is only a gate to go inside.
14. Hell is immediate after death. The Bible says in Hebrews 9:27, **“And as it is appointed unto men once to die, but after this the judgment”** Immediately a person dies, they either go to Heaven or to Hell Fire. There is no middle ground or purgatory. The Bible says in Matthew 19:22-23, **“...the rich man also died... And in hell he lift up his eyes”** and he saw Lazarus and begged for him to put water on his tongue for he was tormented in the flame.
15. Hell Fire is characterised by pain and suffering. It is better not to

There are two hundred and sixty chapters in the New Testament. Two hundred and thirty of them substantiate the fact that there is hell

even try to go there to see what that means.

16. God does not mind turning a whole nation into Hell Fire. You can see this in Psalm 9:17, **“The wicked shall be turned into hell, and all the nations that forget God.”**
17. There are two hundred and sixty chapters in the New Testament. Of the two hundred and sixty, two hundred and thirty chapters substantiate the fact that there is hell. So it is not a joke. A person may laugh on the way to Hell Fire, but when they get there, all the laughing will cease.
18. Hell Fire is a place of darkness.
19. Hell Fire is a place of constant fatigue. People will be constantly tired from screaming.
20. Hell Fire is also called the bottomless pit. It is like being in

Many so called Christians are living at the edge of Hell Fire now and only a small push would get them there

a downward elevator that never stops.

21. Hell Fire is a place of fire worms that enter into the body. Wriggling worms. The Bible says the worms die not.
22. Hell Fire is a place of bitter memories. Remembering all the opportunity you had, the times you were preached to, the times you read your Bible, the times you listened to all the sermons that you heard but did not pay heed to, will be replaying and the replay of these memories will cause more torment for the person.
23. Hell Fire is a place of gnashing of teeth. There are only two reasons people gnash their teeth: because of pain or because of anger.
24. Hell Fire is a place of weeping and wailing.
25. Hell Fire is a place of no hope. Once a person gets there, all hope of salvation is lost completely.
26. Many so called Christians are living at the edge of Hell Fire now and only a small push would get them there.
27. Hell Fire is a place where you would never get used to the pain. Sometimes, when pain is too much, people get used to it but nobody gets used to the pain of fire. It is not possible.
28. Hell Fire is a place of unsatisfied thirst. People would be thirsty internally. The thirst would be so much that people would pray for one drop of water but the drop of water would not come.
29. Hell Fire is a place filled with unimaginable fear because you do not really know what is going to happen next.
30. Hell Fire is a place of eternal association with the wicked. All the wicked people from history that have died, witches and wizards, that is where they are gathered. It is not a place to go to at all. When God begins to call His people, and they do not open their ears, He would put

them in that dustbin called Hell Fire.

31. Hell Fire is a place of eternal separation from God forever. There will be no more chance of surrendering your life to Jesus, no more chance to say that you want to consecrate your life. It would be too late.
32. Hell Fire is a place of eternal death.
33. Hell Fire is a place of unspeakable sorrow.
34. Hell Fire is a place of horrible sound. There would be no light, no liquid and no laughter.
35. There is a large mass of people in Hell Fire already. That is why it has to be expanded. Hell Fire was not an original part of God's creation. God created everything good, but since men decided to rebel against God, that kind of place had to be

constructed as an asylum and a dustbin to put those who would not listen to the Almighty.

36. Hell Fire is a place of restlessness.
37. Hell Fire is a place devoid of mercy.
38. Hell Fire is a place of destruction.
39. Hell Fire is a place of the undiluted anger of God.
40. Hell Fire is a place where people will pray but the prayer will be to no avail. The prayer will not be answered. The atheist, the sinner, the adulterer, the fornicator, the sex offender, the drug addict, the sorcerer, the liar and the thief would all pray in Hell Fire but it would be too late. You would have the screaming group, you would have the crying group and you would have the groaning and gnashing of teeth group. It is not good to belong to any of these groups.
41. Hell Fire is a place of frustration and anger.
42. Hell Fire is a place where the smell of death would be bombarding ones nostrils forever.

Hell Fire is a place of eternal separation from God forever. There will be no more chance of surrendering your life to Jesus

43. Hell Fire is not a story made up to scare you into being good. It is a real place. There was a doctor in the U.S. who was an atheist. He was a specialist in reviving those who had heart attacks. One day he was trying to revive a man and as he was trying to revive him, he found that anytime the man was revived and opened his eyes, the man would scream and beg the doctor not to let him go back to Hell Fire. Then the man would struggle and sometimes the doctor would lose the man and he would die again and the doctor would revive him. Each time he revived the man, he could see the pain and anguish in his eyes as he cried and begged not to go back. That is what influenced this doctor to believe that there is actually a place called Hell Fire, where there is no laughter, no love, no light and no life.
44. Most of the people in hell now did not expect to get there. Good church goers with good parents from Christian homes, with prayer in the morning and evening, but now in Hell Fire.
45. The surest pathway to Hell Fire is 'gradualness'. When gradually a person goes away from God. Gradually the person is not praying again, is not reading the Bible again and is not doing things that they ought to do that would make their lives good. Gradually the person is losing touch with God and as they lose touch gradually, the person heads towards Hell Fire. When your prayer life is going down, Hell Fire is coming up. When you are supposed to witness and you cannot witness, Hell Fire is coming up. Gradually it builds up until it becomes a very serious problem. Nobody backslides suddenly. Little by little the fire comes down until the fire is completely gone.

The surest pathway to Hell Fire is 'gradualness'.  
When gradually a person goes away from God

46. Your destination when you die is determined by your life here on earth.
47. Hell has a big mouth and it swallows.
48. Hell is a place constantly expanded to take more people. We see this in Isaiah 5:14
49. Hell is a place where people beg for a drop of water.
50. Hell is a place where there is no big man. It has no respect for anybody.

There are people who have to pray seriously because one leg is already in Hell Fire and the other leg is just coming to church. There are people who believe they have boyfriends or girlfriends but what they have are sinner friends who are just preparing them for Hell Fire. The devil prepares people for Hell Fire until he completely messes them up. Beauty is vain. Handsomeness is nothing. All those things do not do anything positive to one's life. It is better to die a pauper and make heaven than for you to have plenty of money and go to Hell Fire because eternity has no mileage. Eternity has no calculation. If you sent one ant to a beach to pick one grain of

The 'No' you have been saying repeatedly to the Holy Spirit and to Jesus is what will land a person in hell fire

sand and take it across town, the time it would take that single ant to pick all the sand in the beach and transfer it across town is not as long as eternity. So why should somebody, because of five minutes of pleasure, land in Hell Fire completely and waste the whole of their destiny and life? You arrive at the gate of life and are asked what you are doing there. You say you are a member of your church but they say you cannot enter there because of the things they can find in your pocket. You try to argue that some other people are worse than you, but you are told to mind your own matter. You say you sang, prayed for people and prophesied, but are told, "Sorry, I don't know you. Get away from me, you worker of iniquity" It will be a terrible thing to hear that kind of instruction.

Who are those who will go to Hell Fire? The rich man in the bible was dressing well. Did he go to Hell Fire because he was dressing well? No. The rich man was eating very good food every day. Did he go to Hell Fire because he was eating very good food? No, food does not take you to Hell Fire. The rich man did not look after Lazarus. Did he go to Hell Fire because he did not look after Lazarus? No, that was not the problem. He went to Hell Fire because he said 'No' to Jesus. Everything Father Abraham said, the rich man said 'No' to them. Father Abraham said they could not get to where the rich man was in Hell Fire and the rich man said 'No'. Father Abraham said they would not send anyone to his brothers and the rich man said 'No'. The 'No' you have been saying repeatedly to the Holy Spirit and to Jesus is what will land a person in hell fire. Be sure you know where you are going for eternity. If you do not know where you are going, you may not have any other opportunity. Judgment will find you the way death finds you and death has no respect for anybody's age. It does not matter whether you are young or old. A lot

of young people are dying every day and most of them land themselves into Hell Fire.

A while ago, some scientists were digging into the earth and they dug miles into the earth. At the centre of the earth, the temperature is terribly hot and the Bible says Hell Fire is beneath the earth. At a stage they could not dig anymore because they started hearing terrible noises. So they had to drop in a microphone to record these sounds at 120 miles or more down into the centre of the earth. There you find voices of men and women who were preached to in life but did not listen. They came to church just to socialise. They were not interested in what the preacher was saying. They were more interested in their sinful ways. They wanted to continue living rough lives and thought one way or the other they would get into heaven by chance. No, nobody gets to heaven by chance. You cannot get to heaven by mistake, you must take some steps.
