## Connecting to Pentecostal Power

“And, behold, I send the promise of my Father upon you: but tarry ye in the city of Jerusalem, until ye be endued with power from on high.”

- Luke 24:49

differentiates Christianity from all other religions. We are promised power from on high so that other powers are supposed to bow to us. It is a tragedy of our current Christianity that we have not correctly accessed that power from on high.

**T**here is a power from on high – different from power from below, different from the power from the water and different from the power of the magicians. It is power from on high and because it is power from on high, every other power below it must bow. As a matter of rule in the School of Power, when a lesser power confronts a greater power, the lesser power must bow. This is what

If you read the Bible well, you will find that most of the miracles that took place in the New Testament also took place in the Old Testament. People were healed in the Old Testament and people were healed in the New Testament. The dead came to life in the Old Testament and the dead came to life in the New Testament. Leprosy was cleansed in the Old Testament and cleansed in the New Testament. In the Old

Testament however, the demonstration of this power was only kept with the prophets. It was not for everybody. But now, we are given a key to connect to power from on high. All of us. That is why Jesus told those people in John 10:34, ***“Is it not written in your law, I said, Ye are gods?”*** This is what he was trying to explain but they did not understand. When the Bible says “King of kings and Lord of lords”, who are these other kings and who are these other lords? They are you and I. He is King and we are the other kings. He is Lord and we are the other lords. He said, ***“Is it not written in your law, I said, Ye are gods?”*** Then there is a problem

We are not really connecting to that Pentecostal power that differentiates Christianity from all other religions

somewhere. We are not really connecting to that Pentecostal power that differentiates Christianity from all other religions. It is our inability to demonstrate this power that is making everyone suffer now. It is the scarcity of the power of God among us that is causing what is happening now. If each of us demonstrates the power of God, even if we ran one hundred services in church, there would not be enough space.

Unfortunately, it is only a few people who demonstrate some level of power. Many pastors even have no clue of how to demonstrate the power of God. Some pastors even go to native doctors and magicians because they want to perform miracles and, as a result, all those witchdoctors have no respect for pastors anymore. It is unfortunate that the reason we are having strange and funny pastors is because church members have refused to

connect to the Pentecostal power. Some have become slaves to pastors. If the pastor says they should bring money, they bring the money. If he says they should go and steal, they would go and steal. If you are a woman and you go to see a pastor and he asks you to remove your skirt, you remove your skirt. If he says you should remove your blouse, you remove your blouse, because you have failed to connect to that power that would enable you say, "No, this is wrong." Would to God that there would be somebody reading this that would say, "I am tired of my powerless living, I want to demonstrate the power of God." Unfortunately for many of us, until a level of power comes upon you, you cannot rise from where you are to where God wants you to go. Many of us are already born into a deficit. When somebody is born into a deficit and wants to come out, a level of power is needed to remove that person

from the dunghill and set him among the princes. A level of power is needed to deliver you who is gold incarcerated in the dustbin. There are at least one thousand women who would hear this message that are human gold mines by nature. If they tried to sell mud, it would sell. Anything they lay their hands upon sells. But when the person is a gold mine captured and caged inside a dunghill in the dustbin, everything that the person can perform is finished there. A particular power is needed to breakthrough. This is where the power of Pentecost comes in.

The Bible did not leave us in any doubt that anything we are

Unfortunately for many of us, until a level of power comes upon you, you cannot rise from where you are to where God wants you to go

suffering as a result of powerlessness is our fault. If you are still at the level where a spirit husband is pressing you down, it is your fault. You are still at that level where somebody would bring out magic or fetish powers and you are afraid. Instead of you to decree that the fetish power the person is using should catch fire on their body, you are afraid. We should connect to that power. This is a serious matter.

Some people wrote me an official letter from a shrine. What was in the letter? It read, "Dear Dr. Olukoya, there is a woman in your church who lives opposite our shrine. Without any provocation, she came to pour some kind of oil on the shrine, and since then, the idol has been silenced. So we are appealing to you to go and caution your church member." I read the letter and several thoughts crossed my mind. Firstly, why did they not go to her directly since she lived

Somebody once said that the sign of Christianity is not the cross. The sign of Christianity is tongues of fire

opposite them? They were afraid because if she could come to anoint the shrine and the idol had been silenced, they could not predict what would happen to them if she confronted them. If a person could silence their god, who were they? To worsen their situation, I did not even know the woman. May you connect to Pentecostal power. Somebody once said that the sign of Christianity is not the cross. The sign of Christianity is tongues of fire. If you say the sign of Christianity is the cross, Jesus left that cross a long time ago. It is the tongues of fire.

I have shared this before, but I will share it again here because I am never tired of sharing it.

The Bible did not leave us in any doubt that this power is not the prerogative of prophets alone. It was so in the Old Testament, but not now

This happened at Iddo Market in Lagos, Nigeria. A man entered a bus that was going to a place called Ikorodu in Lagos. On the way, the bus conductor insulted the man and the man said, "Is it me you are talking to like that? When we get to Ikorodu, you shall see what will happen" When they got there, the man quietly put his hand into his robe and brought out a horn and started saying incantations. Then he told the conductor, "Remove your trousers." The conductor quietly unzipped and removed his trousers. For those of you who say there are no powers of darkness, you are joking. He started the incantations again and said, "Remove your shirt." The

conductor removed his shirt. He went on again and said, "Remove your singlet." The conductor removed his singlet. He started again with the intention of ordering him to remove his underwear. Meanwhile, Lagos people, as usual, had gathered and were watching. Some were crying saying, "Ah, he wants to run this boy mad." So, at the point he was going to talk about the underwear being removed, one believer inside the bus intervened and said, "Daddy, please. Even when we offend God, he forgives us. You are old enough to be the father of this boy. Please forgive him and let him go." The man got angry and said, "Who are you?!" He put his hand into his robe again and brought out the horn and started saying incantations again. Then he said, "Remove your coat!" the believer smiled and said, "In Jesus name, I will not remove my coat." When the man heard "In Jesus name", he said, "Ah. You these

troublemakers are here again.” The believer then turned straight to the conductor and said, “I command you in the name of Jesus, wear your trousers.” The conductor wore it. “I command you in the name of Jesus, wear your singlet. I command you in the name of Jesus, wear your shirt” The people there were glued because in their presence they saw two powers in display. One power was making a man mad and the other power was reversing it right there. While they were busy gazing at them, the believer began to preach the gospel. Everybody there, including the fetish man, surrendered their lives to Jesus. The bottom line is that the man

God was working miracles through Stephen, but in the church, Stephen was an usher. So if an usher was demonstrating that kind of power, it shows that it is for all

who was running the conductor mad is now a pastor. That is because somebody connected to the Pentecostal power. May you connect to that power in the name of Jesus.

The Bible did not leave us in any doubt that this power is not the prerogative of prophets alone. It was so in the Old Testament, but not now. The Bible says about Stephen in Acts 6:8, ***“And Stephen, full of faith and power, did great wonders and miracles among the people”*** God was working miracles through Stephen, but in the church, Stephen was an usher. A deacon, a Church usher. So if an usher was demonstrating that kind of power, it shows that it is for all. In Acts 1:8 we see Jesus speaking, ***“But ye shall receive power, after that the Holy Ghost is come upon you...”*** So the in-filling of the Holy Ghost is the source of power. Acts 2:17 then says, ***“And it shall come to pass in the last days, saith God, I will pour out of my Spirit upon***

***all flesh: and your sons and your daughters shall prophesy, and your young men shall see visions, and your old men shall dream dreams: And on my servants and on my handmaidens I will pour out in those days of my Spirit; and they shall prophesy***” Everybody is covered. Male, female, young, old, servants, non-servants, everybody is covered. More than at any other time, you need to connect to that Pentecostal power. There is a power that cannot be despised. There is a power that cannot be insulted. There is a power that cannot be molested. There is a power before which all powers bow. There is a power that cannot be reproached. There is a power that no power of darkness can confront. There is a power that would make a man or women unstoppable. There is a power that makes a way where there is no way. There is a power that transcends all other powers. There is a power to conquer all opposition. There

is a power for the zero hour. There is a power to prevail. There is a power that makes evil arrows to backfire. There is a power that brings solution to complicated problems. There is a power that calms troubled situations. There is a power that makes difficult things easy. There is a power that makes progress inevitable. There is a power that introduces the God who doeth wonders. There is a power that breaks down the most stubborn barriers. There is a power that makes your enemies to work for your favor. There is a power that showcases and celebrates you, even without any effort on your part. There is a power that can divide your Red Sea effortlessly. There

There is a power that cannot be despised.  
There is a power that cannot be insulted. There is a power that cannot be molested

is a power that would make it impossible for the lions of the land to devour you. There is a power that disgraces idol worshippers. There is a power that silences demons. There is a power that pursues stubborn enemies into the Red Sea. There is a power that converts dry bones into a living great army. There is a power that makes the glory of God to be revealed.

We need to connect to that power. How do we connect?

1. You need to become a friend of Jesus.
2. You need to repent from every known sin.
3. You need to hunger and thirst after that power.

There is a power that converts dry bones into a living great army. There is a power that makes the glory of God to be revealed

4. You need to cry out to connect to that power.

Once you connect to that power, your life no longer remains the same. The enemy will show you respect.
