

MePOS® Lite MePOS® Lite+

Modular Electronic Point of Sale

Happy POS® provides a complete solution for Point of Sale which works straight out of the box. It includes the best available hardware and software, ensuring that retailers and hospitality businesses can grow and thrive.

Happy POS with MePOS® Lite

MePOS® Lite is a hardware specific tablet skin mounted on a secure, countertop charging tower. The tablet is locked in place with a keyed lock and is fully secure against theft. Charging is via the connector in the stand, eliminating clutter and saving money long term on replacing damaged cables. It's quick and easy to unlock and detach the tablet and convert to a mobile Point of Sale or Point of Interaction. MePOS® Lite works with any payment device, including legacy payment devices and with a range of tablets, **including:**

Happy POS with MePOS® Lite+

MePOS® Lite+ provides two secure counter top charging points: a tablet tower and a pillar for a mobile payment terminal. It converts quickly and easily from a fixed Point of Sale to a mobile Point of Sale. It works with the Miura M010 payment device.

Key Facts

- Intelligent charging
- Two year warranty
- Protects devices from damage or theft
- Improves the look of your Point of Sale
