

MePOS® Mobile

Modular Electronic Point of Sale

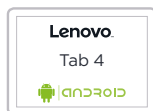

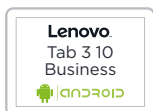

Happy POS® provides a complete solution for Point of Sale which works straight out of the box. It includes the best available hardware and software, ensuring that retailers and hospitality businesses can grow and thrive.

Happy POS® with MePOS® Mobile

MePOS® Mobile is a tablet skin and payment device harness that connect together to create a fully functioning mobile Point of Sale.

MePOS® Mobile supports a range of tablets and payment devices, **including:**

MePOS® Mobile can be used alongside the full MePOS® range of stands and accessories, so it's quick and easy to convert your mobile Point of Sale to fixed, if needed.

Why choose MePOS® Mobile?

MePOS® Mobile takes Point of Sale beyond traditional solutions, improving customer experience and giving the power to engage in new, innovative ways, where and how the customer chooses.

MePOS® Mobile is robust and has been designed to withstand the rigorous demands of retail, service and hospitality environments.

MePOS® Mobile can transform customer experience by enabling:

- In store ordering
- Omnichannel retail
- Queue busting
- Customer information points
- Customer interaction
- Data capture
- Pop ups and concession stands
- Outdoor events and promotions
- Table service & floating servers

Key Facts

- Intelligent dual charging of multiple units
- Manage inventory, customer loyalty programs, in store promotions and pricing strategies
- Easy to use software, has won awards for usability
- Robust design
- Polycarbonate skins in high gloss finish, available in black, white or custom graphics
- 2-year warranty
- Cloud based software ensures data is always synchronised and backed up and will continue to work even if the internet drops out
- Robust reporting on key business information
- Protects devices from damage and from theft, when locked into charging dock.
- Over 100 management reports, tailorable to your business priorities, all viewable remotely, even from your smartphone
- Works seamlessly across multiple locations
- App store includes over 100 apps including Shopify, Sage and Quickbooks to extend and integrate Point of Sale with all aspects of your business

Intelligent Charging

No cables are needed for charging **MePOS® Mobile**. Instead, dual charging of tablet and payment device is via individual clips or charging docks, eliminating the need for original charging cables. Our charging solutions keep paired devices together during charging, meaning they can be quickly deployed.

5 Way Dual Charging Dock

Up to five connected tablet and payment devices can be charged simultaneously. Tablets can be secured in place with a radial pin lock and the dock can be fixed to a surface to prevent opportunistic theft.

Dual Charging Clip

Tablet and payment device can be charged simultaneously.

Dimensions

Tablet Skin	WxHxD (mm)	WxHxD (ins)
Lenovo Tab 3 10 Business:	267 x 33.7 x 184	10.5 x 1.3 x 7.2
Lenovo Tab 4:	267 x 33.7 x 184	10.5 x 1.3 x 7.2

Chargers	WxHxD (mm)	WxHxD (ins)
Charging Clip:	49 x 27 x 64	1.9 x 1.0 x 2.5
Charging Dock:	120 x 509 x 92	4.7 x 20.0 x 3.6
