- Dashboard
- Charging Station Management, OCPP 1.6j
- Map
- Tariff, Payment, and Invoice Management
- Dynamic Report Management
- User, Campaign & Promotions Management
- Notification Management (Push Notification, SMS, and Email)
- EPDK Integration
- GIB Integration
- 3rd Party Service Integrations

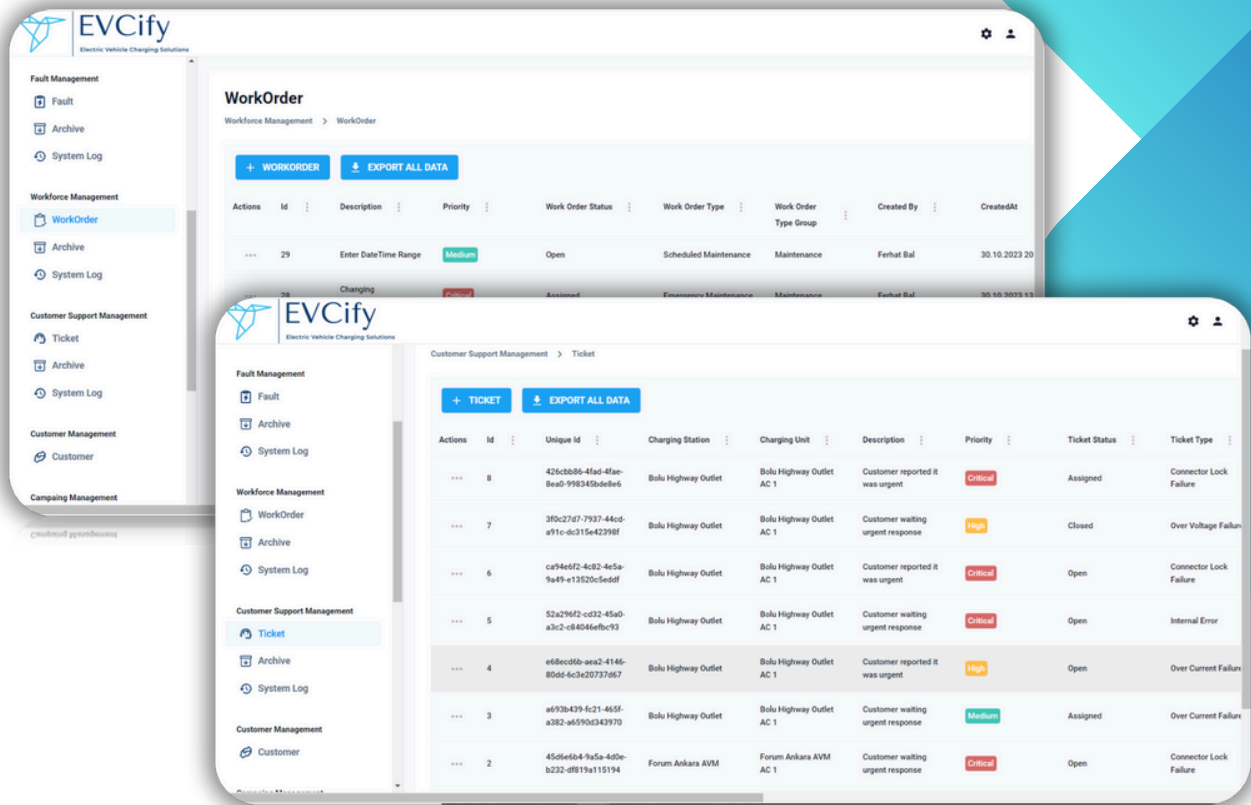

E-Mobility Service Provider, EMSP

- User Friendly Design
- Charging Stations Map
- Advanced Filtering
- Maps Integrations
- Charing Session Starting & Stopping
- Real-Time Tracking Charging Sessions & Summaries
- Analytics & All Transaction History
- Campaigns, Notifications
- Credit Card & Invoicing Operations
- Reservation

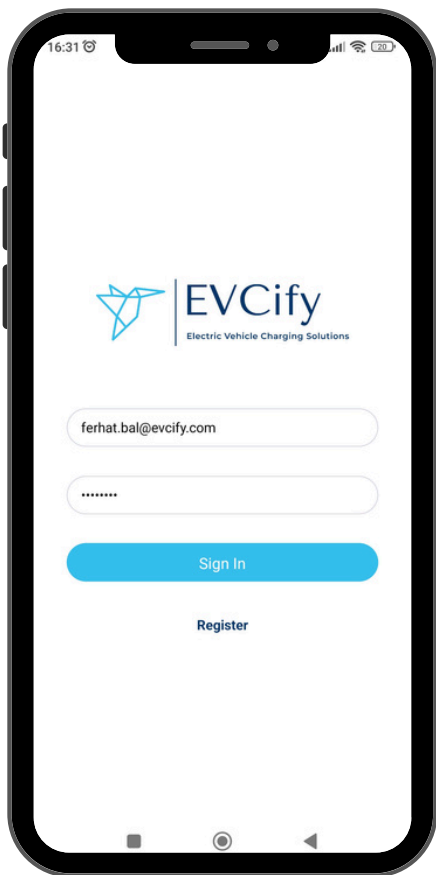

Customer Support, Maintenance & Fault, Workforce Management

- Ticket Management
- Work Order Management
- Workforce Planning
- Staff Scheduling
- Time and Attendance Management
- Labor Forecasting
- Performance Management
- Workforce Analytics
- 3rd Party Service Integrations

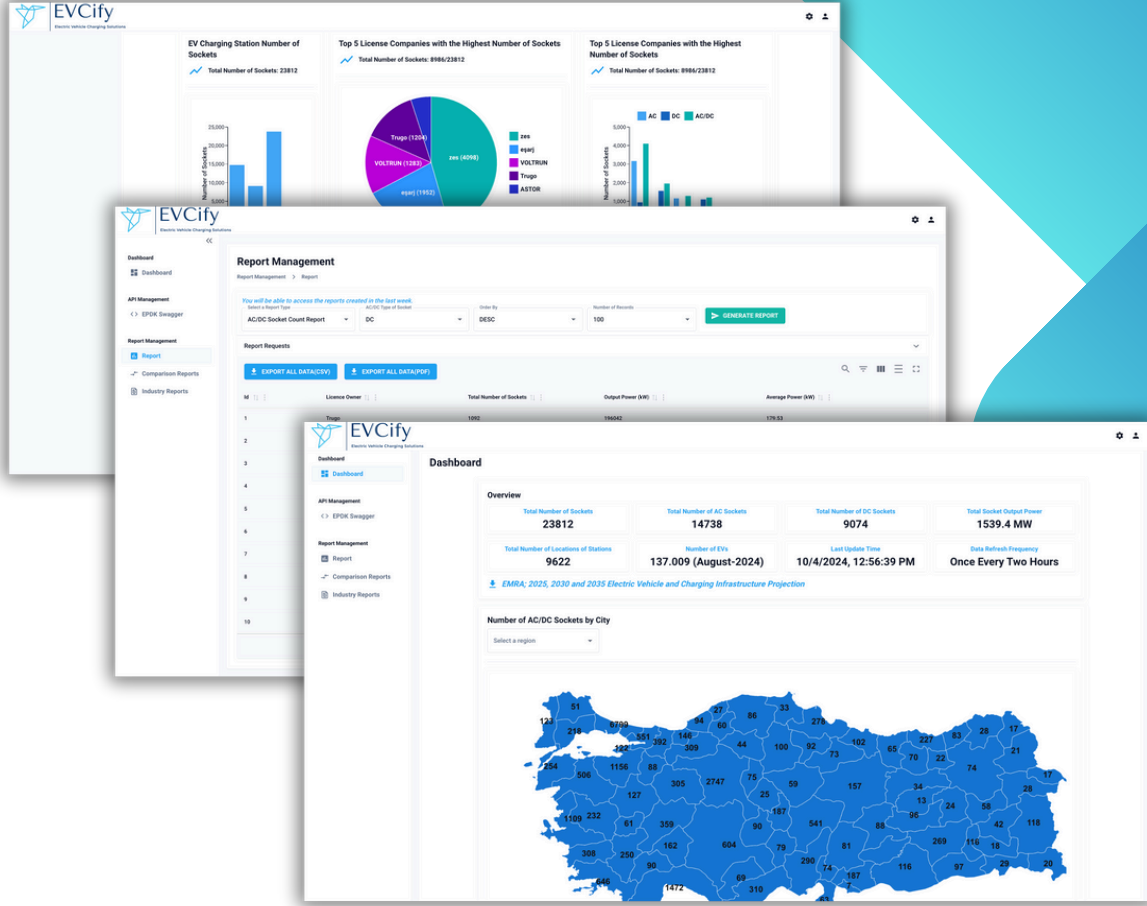

Mobile Workforce Management, MWM

- **Occupational Health and Safety (*)**
- **Scheduling and Dispatch**
- **Time and Attendance Tracking**
- **Job Tracking**
- **Inventory and Asset Management**
- **Work Order Management**
- **Document and Image Capture**
- **Offline Functionality**
- **Analytics and Performance Metrics**
- **Mobile Device Management (MDM)**
- **Customization and Scalability**

Data Analytics

- Türkiye Electric Vehicle Charging Network Current Situation Analysis
- Strong Infrastructure Integration with EPDK* Web Services
- Data Updated Every 2 Hours
- Useful Widgets
- Map
- Report Management
- API Management

* EPDK, Enerji Piyasası Denetleme Kurumu
