

YOU MATTER IN SCHOOL

A life skills programme for secondary education settings.

The students who took part in the YMIS are now thriving across the school. The attendance for all the students who took part has risen and they are actively more engaged in lessons and contributing more to class discussions.

The students who were picked for this session were mainly chosen because they didn't feel like they 'fitted in' to school. This is no longer the case.

TESTIMONIALS

This is one of the best courses I have had delivered. The feedback is outstanding and the children are engaged well.

HEAD OF PASTORAL CARE

It has made me communicate better and has taught me a lot of helpful things, especially the sessions about self-esteem and assertiveness.
