Flowers and grasses are sold in kits. Each kit contains a total of 36 live plant plugs with 6 different species (6 plugs per species).

Please visit: <https://mnlcorp.com/product-category/signature-plant-kits/> to see what each kit may look like.

Species included in kits will vary based on nursery's current inventory and availability, though there will be a variety of bloom times and colors.

Flower and Grass order forms MUST be in our office BEFORE April 1st.

Any order forms received after April 1st will NOT be accepted.

Flowers

Plant kits	Description	Price	# of Kits	Total Cost	*For office use only* PACKED
Backyard Prairie	For backyards or urban settings. Flowers to bloom throughout the Summer and into the Fall. This kit will create habitat to attract all varieties of pollinators, like butterflies and songbirds. 40-60 sq ft plant area.	\$80.00			
Big Prairie	Best planted in open spaces, these plants will drop seed and cover more ground over time. Plants range from 3 ft to over 5 ft in height. Creates habitat for all varieties of wildlife. Best to plant in clearings or open spaces with room to grow and plenty of sunlight. 40-60 ft sq ft plant area.	\$80.00			
Buckthorn Replacement	This kit can strategically use to help out-compete future buckthorn seedlings and reduce the chances of the infestation returning. For planting in deep woods areas recently cleared of buckthorn. 40-60 sq ft plant area.	\$80.00			
Monarch Special	Designed for Monarchs. Milkweed species for the caterpillars to feast on and other species for nectar. Best planted anywhere with plenty of sunlight anywhere you want to see Monarchs. 40-60 sq ft plant area.	\$80.00			
Rain Garden	Designed to turn unattractive, smaller, contained runoff areas into environmental benefited habitats. Plants will bloom during the entire growing season and attract pollinators. For planting at the edge of parking lots, driveways, and other areas with concentrated runoff. 40-60 sq ft plant area.	\$80.00			
Sandy Soil	Designed for the look and feel of a prairie. These plants prefers a sandier and drier environment. Provides ideal habitat for different pollinators. For planting in any area with sandy, dry soil with access to plenty of sunlight. 40-60 sq ft area.	\$80.00			
Septic Mound	These native flowers and grasses that will thrive in drier, poorer quality soils and reduce erosion. These plants small root systems will prevent damage to underground septic systems. For planting in full sunlight in well-drained soils on top of a septic mound. 40-60 sq ft area.	\$80.00			
Shade Garden	For areas of partial to majority shade or limited hours of direct sunlight. Expect blossoms in Spring, Summer and Fall. Ideal environment for pollinators and even hummingbirds. For planting under mature trees, on the north facing side of buildings, and areas with limited direct sunlight. 40-60 sq ft area.	\$80.00			
Shore Stabilization	Designed to provide attractive, natural protection and native habitat on the water's edge. Safeguard shorelines from erosion with deep rooted aquatic plants. Plant on the shoreline of any large body of water. 40-60 sq ft area.	\$80.00			
Short & Tidy	Designed with compact species for small or preexisting flowerbeds. Provides Spring and Summer blooms with many colors while providing habitat for pollinators. With the short stature of these plants, consider planting under a mailbox, near a flagpole, under a fence, or in front of your home. 40-60 sq ft area.	\$80.00			
Wetland Edge	For the border of any wetland area. Provides habitat for a variety of wildlife. A variety of different blooming colors in the Summer into the Fall. For planting near any wetland or rain garden area in direct or filtered sunlight. 40-60 sq ft area.	\$80.00			
Woodland Edge	Designed to create a natural transition from open areas to woodland areas. Good in both direct sunlight and shade. Creates a natural habitat for many pollinators. For planting on the border between wooded and open areas or at the wooded edge of your yard to reduce maintenance. 40-60 sq ft area.	\$80.00			
Rusty Patch Bumblebee Garden- Full Sun	For creating a full sun pollinator garden within a yard. For planting in areas with mesic soil in areas with large amounts of direct sunlight. Contains flowering species in all of the bloom seasons and flowers that are of high priority for the Rusty Patched Bumble Bee (endangered state bee). 40-60 sq ft area.	\$80.00			

Grasses					
Plant kits	Description	Price	# of Kits	Total Cost	*For office use only* PACKED
Short Prairie Grass	A compliment to any of the prairie flower kits to provide ground cover, color, texture, and a natural look to support flowers. Also a great habitat for many pollinators and birds. For planting in open areas to help minimize wind and water erosion. For all ranges of sunlight and moisture. 40-60 sq ft area.	\$80.00			
Tall Prairie Grass	A compliment to taller prairie flower kits to provide ground cover, color, texture, and support. Thick growth and height of over seven feet, provides habitat for pollinators, and songbirds. For planting in open areas with no height restrictions and to minimize soil erosion. For all ranges of sunlight and moisture. 40-60 sq ft area.	\$80.00			
<p>I understand the Clearwater SWCD does not guarantee survival, size, or replacement of stock. I understand that I am not entitled to a specific species in the kit and that species in the kits are chosen by the nursery due to availability and inventory. I understand substitutions cannot be made. I understand flowers/grasses are not for resale purposes. Due to the perishable nature of the stock, the Clearwater SWCD will not be responsible for the condition of flower and grass stock after pick up or if picked up after the scheduled dates. It is not the intent of the SWCD to compete with private nurseries.</p> <p>Signature _____ Date _____</p>					
<p>Total Cost of Flower and/or Grass Kits..... _____</p> <p>Add MN Sales Tax 6.875% (total cost x .06875)..... _____ + _____</p> <p>Example: \$108 x .06875= 7.425 so your tax is \$7.43</p> <p style="text-align: center; border: 1px solid yellow; border-radius: 50%; padding: 10px; margin: 0 auto; width: fit-content;"> Make checks payable to: Clearwater SWCD </p> <p style="text-align: right;">TOTAL = _____</p>
