

# Community Based Mentoring

We support youth through mentorship, empowerment, and trusted adult engagement so that they can face life's challenges and thrive.

## Program Overview

Referred youth ages 7-17 are matched with trained volunteers from our community who serve as Mentors. The program provides youth with a supportive, positive relationship to help them grow and thrive.

## Role of Mentor

They serve as a friend, advocate, and role model to the Mentee, helping guide them through personal and social challenges while fostering positive growth through activities such as:

- Partners sponsored group activities
- Partnership decided activities (Skiing, reading, biking, bowling, lunch, etc)

**83% of rural, low income youth do not have access to a trusted mentor**

## See the Impact

"Thank you for being the best mentor ever. Hanging out with you is always a highlight of my week" - Mentee

"It has put things into perspective and given me the opportunity to connect with my mentee and her family in a way that I wouldn't have otherwise. It's also connected me to a lot of great humans in the Yampa Valley." - Mentor

"It has been a very positive experience that has given my son opportunities to do things that I can't provide for him and created new friendships." - Parent of Mentee
