Public Notice

The City of McMechen Sanitary Board is providing notice that it currently owns and maintains three (3) combined sewer overflows that have the potential to discharge diluted sewage. This may affect the Ohio River and Jims Run within the Sanitary Board service areas. Also CSO discharge points have been marked for easy identification with signs at the end of each discharge pipe.

Therefore, it is advised that the public should not come in contact within the immediate areas down stream of the CSO for at least 24 hours after a rainfall of 0.50 inches or greater.

For further information on CSO's, Please contact:
WILLIAM DOVE: McMechen Sanitary Board, 325 Logan Street,
McMechen, WV 26040, (304)232-3140.
