Travelling the Trails - Walkability

Our seven trails are all well marked with colour-coded signs. They are rated easy to moderate for their level of difficulty. The Blue Loop and the Linton Red Trail are the easiest walks, bicycle rides or ski trips. Their paths are wider, straighter and more level than the others. The Green Trail and the Orange and Red Loops have scenic sections along Wilmot Creek that are more twisting and uneven. They can be muddy in wet weather but are beautiful all year round.
