

VISION

General vision:

We are focused on the evangelisation and the one-on-one discipleship of the teenagers & youth in Greece.

Specific Vision:

1. Every teenager (boy & girl) from the context of the local church to be approached personally with the **Gospel** and challenged to reconcile with God by putting his trust in Jesus' sacrifice on the cross for his salvation.
2. Those who already came to know Jesus Christ as their Savior, to be **discipled** as they make the first steps in their new life, leading them towards spiritual growth & obedience to the Lord.
3. To equip and to **train** them for fruitfulness: each one of them to start telling the Gospel and to disciple teenagers in their community, city, country, their continent and to the ends of the earth.
4. To form teams of **leaders** in the local churches which will win their generation and the next one with the Gospel of Jesus Christ.
5. We fulfill this vision through:
 - public and personal evangelism,
 - one-on-one discipleship
 - group Bible studies,
 - evangelistic campaigns,
 - mission camps,
 - summer camps,
 - weekend retreats,
 - conferences for teenagers & youth; families; youth leaders; parents of teenagers & missions conferences,
 - medical clinics,
 - musical dramas,
 - educational programs,
 - two-year program at the Discipleship Center.
6. **Every Greek** to have the opportunity to hear the entire Gospel message at least 3 times.
7. **Every region & island** of Greece to have a community of teenagers who will win other teenagers for Christ.
8. **Every church** to have a visible presence in the community in which it is located.

May Greece once again become an evangelical force in the world!
