# Spill Defence Technology

A new innovation in laminate flooring that helps to protect the floor from water damage and spills, Spill defence technology involves a coating that is applied to the surface of the laminate planks, which creates a barrier that prevents water from seeping into the material. This technology provides a significant advantage over traditional laminate flooring, which can be easily damaged by spills and moisture. So you can enjoy the beauty and durability of laminate flooring without worrying about water damage from spills or moisture.

The image shows a full-frame view of a light-colored wood floor. The planks are arranged in a herringbone pattern, creating a series of V-shapes across the entire surface. The wood has a natural, slightly textured appearance with subtle variations in tone and grain.

**#1952 (SPARTAN OAK)**  
SIZE:470 X 95 X 8MM/42PCS

#1952 (SPARTAN OAK)

The image shows a full-page view of a light-colored wood floor with a herringbone pattern. The wood planks are arranged in a repeating V-shape, creating a textured and rhythmic visual effect. The color is a warm, light tan or beige, typical of oak wood.

**#1953 (FOREST OAK)**

SIZE:470 X 95 X 8MM/42PCS

#1953 (FOREST OAK)

#1954 (HOBART OAK)

#1954 (HOBART OAK)

#1955 (OPAL OAK)

SIZE:470 X 95 X 8MM/42PCS

#1955 (OPAL OAK)

The image shows a full-frame view of a light-colored wood surface, likely oak, with a herringbone pattern. The pattern consists of narrow wood strips arranged in a series of V-shapes, creating a rhythmic, zigzag texture. The wood has a natural, slightly grainy appearance with subtle variations in tone and texture.

**#1956 (PRIMERA OAK)**  
SIZE:470 X 95 X 8MM/42PCS

#1956 (PRIMERA OAK)
