A clearer next step.

A personal planning pack - not a full course or an official exam paper.

How to use this pack

1. Choose one realistic priority for the coming week.
2. Use the weekly planner to turn that priority into daily actions.
3. Review practice with the mock-analysis sheet, not just a score.
4. Bring the mentoring checklist to your conversation with Vineha.

Before choosing resources

Check the official notification and syllabus for your target exam year.

CLAT, AILET and MAH-LL.B. CET are separate examinations.
