# BE PART OF THIS THREE DAY LIFE-SAVING TRAINING THAT HELPS FIREFIGHTERS STAY SAFE

The Lt. Joseph P. DiBernardo Memorial Foundation, also known as the Joey D Foundation, is a 501(c)3 charitable organization, that believes that **firefighters can't save lives if they can't save themselves**. Too often firefighters become trapped unexpectedly due to collapse, flashover, backdraft, or more and need to get out FAST. **Sometimes the only way out is a window**. Our organization knows this all too well - founded by people directly impacted by the FDNY Black Sunday, where three firefighters lost their lives and three suffered life-changing injuries – all because they had no way out but to jump from a fifth story window!

**Our Foundation is committed to providing personal safety systems (PSS) and training to fire departments in need.** We achieve this by awarding grants for personal safety bailout systems for firefighters, and offering seminars taught by world class instructors. We hope there's a day where every firefighter has a way out. And, that no family, department, or community ever suffers the devastating loss of another Black Sunday.

The Lt. Joseph P. DiBernardo Memorial Foundation relies on the generosity of corporations and individuals to provide life saving equipment to fire departments in need and to continue Joey's legacy of training firefighters to stay safe.
