

## *Christmas is Love*

By Jim Kelly

**Merry Christmas! Happy Kwanza -  
Feliz Navidad - Joyeux Noel - Vrolijk  
Kerstfeest! - Happy Hanukkah**

**Lay down bad thoughts and grievances and let your feelings shine,  
We've reached that joyous time of year, We know as Christmas time**

**Sometimes its rough and harried, I guess I'll grant you that,  
Let's throw some timber on the fire and have a little chat**

**Let's bury discontentment & grudges stretched too long,  
Just for these few days or so, let's try to get along**

**The tree's lit up and glowing and that, I'm  
sure's, a start**

**Now smile at someone you don't know  
and gladden someone's heart**

**Remember how it use to be before things looked so bleak,  
We'll start again and trudge once more on another loving streak**

**Wrap your gifts and decorate, with someone you know well,  
Make a call to some old friend who's living in a shell**

**Kiss a child or hug a pet and watch their gleaming eyes,  
You'll soon begin to like this feeling You're trying out for size**

**You'll start to get a tingling glow that only Love can give,  
And when it beams and radiates you've just begun to live**

**So many things that we can do to let them know we care,  
And Love & Peace & Kindness are things we all must share**

**So open up and spread some Love and after a little while,  
You'll notice people all around begin to like its style**

**It's good, it's warm, it's giving & there should be no reason,**

**Why we can't feel these feelings for more than just a season.**
