

# Gladhaven Campground and Marina

## May 2022 Newsletter

The start of the season has been great so far! We look forward to an amazing season. If we haven't seen you yet we hope to see you soon. As most of you have realized our city water project has not been completed yet. Like the rest of the world, parts are not being delivered in a timely manner and delaying the project. It will still be happening and we will keep you updated as we learn more. There may be a day or 2 that water will have to be shut off to make connections. Please follow Facebook for most up to date timing.

Thank you,

Johnathan, Jennifer, Garrett & Hunter Schuck
