51. White Decora-style switches and receptacles throughout
52. Exterior light fixtures for Terrace Suites, as per plan
53. Balconies and terraces to receive one power outlet

N.B.

- If the Dwelling is at a stage of construction which will enable the Vendor to permit the Purchaser to make colour and material choices from the Vendor's standard selections, then the Purchaser shall have until the Vendor's date designated by the Vendor (of which the Purchaser shall be given at least seven (7) days prior to notice) to properly complete the Vendor's colour and material selection form. If the Purchaser fails to do so within such time period, the Vendor may irrevocably exercise all of the Purchaser's rights to colour and material selections hereunder and such selections shall be binding upon the Purchaser. No changes whatsoever shall be permitted in colours or materials so selected by the Vendor, except that the Vendor shall have the right to substitute other materials and items for those provided in this Schedule provided that such materials and items are of equal quality to or better than the materials and items set out herein.
- References to model types or model numbers refer to current manufacturer's models. If these types or models shall change, the Vendor shall provide an equivalent model.
- The Purchaser acknowledges that ceiling heights are approximate. Furthermore, where ceiling bulkheads are installed, and/or where dropped ceilings are required, then the ceiling height will be less than represented and the Purchaser shall correspondingly be obliged to accept the same without any abatement or claim for compensation whatsoever.
- Marble and wood are subject to natural variations in colour and grain. Ceramic tile and broadloom are subject to pattern, shade, and colour variations.

ADVANCED SECURITY FEATURES
