

Solar Trailer 6

Off-Grid Solar System

Inverter/Peak Power

6kVA

Battery Power

9.6kWh

Solar

4.8kW

Solar Core Specs

Inverter: 48/6000 Victron Energy Multi RS

Solar: 4.8kW - 8 x 600W panels

Monitoring: Ekrano Victron Energy

Battery Type: Pylontech US5000B

Number Of Batteries (Standard): 2

Batteries Expansion: Additional 4 battery cabinet can be added beside for extra storage

Cabinet Size (L x W x H): 600 x 400 x 1200

Cabinet Material & IP: Steel & IP55

Support: Full Support From MOE & Complete Power Partners

**US5000B
x 2**

Live Monitoring

- Full system overview
- Historical data
- Remote support

Video Walkthrough

Your Local Specialist
Luke Snowden

When you work with My Off-Grid Energy, you have access to local advice, support, and know we aren't based across the other side of the country which is a critical consideration when your solar system is your main source of power.
