QB, RB, WR, TE and K are classed and ranked. Rankings in black are national rankings and rankings in blue are conference rankings. The offensive line shows ranks and number of starts coming back. The defense is ranked with average line weight. The LB, DB, and special teams are ranked. Experience points and returning starters on offense and defense. Schedule strength and power ratings follow. Steeles power poll is ranked based on the overall talent of each team. The line and the difference in the power ratings including home field are next and the last column is for the results. This is basically the Phil Steele book in a snapshot. The numbers beside the team is the head coach years. First year head coach is in red and a third year head coach is bolded in black. Green=preseason All-American. ■ player out ■ early selections
