About the Events

Mustang Rendezvous and the Wild West EquiFest Horse Expo are two of Operation Remount's signature annual events, bringing together the community, horse enthusiasts, and supporters of veterans and first responders.

Mustang Rendezvous highlights the journey of working with mustangs, offering demonstrations and insights into training, trust-building, and the transformation that takes place for both horse and handler.

Wild West EquiFest Horse Expo expands on this experience with a broader range of equine-focused activities, including clinicians, vendors, and demonstrations that appeal to both seasoned horsemen and those new to the equine world.
