PUBLIC NOTICE

This is to inform the public that Srijib Kumar Kar and Kanhu Charan Patra, the latter currently employed as a teacher at National Institute of Technology, Rourkela, colluded to put mathematics, material and data developed by me during my PhD thesis into the PhD thesis of Kanhu Charan Patra without attribution of the above-mentioned content to me. These two individuals proceeded to publish the above-mentioned content in various international and national journals and conferences including, but not limited to, the Journal of Hydraulic Engineering of the American Society of Civil Engineers, in their own names. Subsequently, a chain of teachers and students at National Institute of Technology, Rourkela, led by Kanhu Charan Patra, have been using the above-mentioned content without any sort of attribution to me in various papers, theses and project proposals, a malpractice that is continuing to this day.

Dr. Amartya Kumar Bhattacharya
Chairman and Managing Director,
MultiSpectra Global
