Members of Hawley Borough Council

Hawley 9-11 Memorial

In 2011 to recognize the 10th Anniversary of that fateful day members of the Hawley Community requested that a tribute to honor the heroes of 9-11 be held.

Thanks to the efforts of Ms. Sue Baldwin and Hawley Police Officer Fabrizio Bivona a piece of Marble and Steel from one of the Towers was donated to the Borough.

Fundraisers sponsored by community groups, business, civic organizations, and generous donors provided the funds needed to create this space here in Bingham Park.

Many in the Hawley Community were personal witnesses to the atrocities of that day. We are honored to have this space to recognize and remember the sacrifices of so many on that day, and the days and years that have followed.
