

MOJAVE MODEL 500 E

The latest, most powerful, "go anywhere" machine from Dunecycle.

A 27 H.P. Kohler, 2 cycle engine provides the guts to get you there over any terrain. The unit is fully suspended with leaf springs and automotive shocks for a comfortable and stable ride where the going is rough.

Braking is accomplished with a hydraulic disc brake. The 500 E incorporates all the proven features of the previous models which makes Dunecycle the leader in the industry. These include, low center of gravity and wide stance for stability, safety and ease of handling, rugged T-bone frame, automatic torque converter transmission, frame mounted pegs and heavily padded bucket seat for driver comfort.
