

# Stomper

STRONGER THAN DIRT... The Stomper is a brand new full-fun ATV that's sized for adults but a beginners delight. It's priced hundreds below the imports, has a terrific dealer margin, and is available now...ready to roll.

The Stomper is built to tromp right through your showroom and across mud, sand and hard packed snow providing year round sales potential.

Stompers' automatic POWER THRUSTER™ transmission, 7.9 Ft/lbs of torque and comfy self-skinning foam seat provides your customers with high-buck performance at a reasonable price...with quality designed in, not added on.

Three wheeler sales are on a meteoric rise. Catch the Bird Stomper and start enjoying the Bird competitive edge.

See reverse for complete specifications.

MASTERS OF MOTION
