**THE FUN-MACHINE THAT
DOUBLES AS A WORK HORSE!**

Your most sensible buy on the market today. When you're in the mood for a bronco-bustin' ride at full throttle through the roughs, Pacesetter III is the toughest all-terrain bike on the trail!

Tough as it is, this machine handles like a dream. The gals really appreciate the way it gives the rider complete control at all times; the way it accelerates, brakes and turns with ease.
