# INTRODUCTION

At Kwaliti Threads Pvt Ltd – MAX ZIPPERS, we specialize in manufacturing high-quality zippers that combine durability, functionality, and style. With years of expertise in the industry, we have established ourselves as a trusted partner for Exporters manufacturers and brands in INDIA.

We are committed to excellence in every zipper we produce, from heavy-duty applications to fashion-forward designs. Our state-of-the-art manufacturing processes & raw materials of highest grade ensure that each zipper meets the highest standards of quality and performance.

At MAX ZIPPERS, customer satisfaction is our top priority. We work closely with our clients to provide customized solutions that meet their specific requirements, ensuring timely delivery and exceptional service.

# VISION STATEMENT

Our vision is to redefine the standard for zipper excellence, seamlessly blending quality craftsmanship, cutting-edge design, and lightning-fast production. We aspire to be the go-to choice for those who demand superior fastening solutions, delivering unmatched precision, durability, and style in every zip.

## OUR CORE VALUES

### Excellence:

We strive for excellence in everything we do, from the quality of our products to the efficiency of our processes.

### Integrity:

We uphold the highest ethical standards in all of our dealings, fostering trust and transparency with our customers, employees, and partners.

### Customer Focus:

We are committed to understanding and exceeding the needs of our customers, providing them with exceptional service and tailored solutions.

### Sustainability:

We are dedicated to minimizing our environmental impact through sustainable practices, resource efficiency, and responsible manufacturing processes.

### Accountability:

We take ownership of our actions and outcomes, holding ourselves accountable for delivering on our commitments and continuously striving for excellence.

### Land Area

Spread across  
2 acre

### Production Capacity

60 Million Cut  
Zippers, 120  
Million Sliders,  
48 Million  
Meters Zipper  
Rolls

# QUALITY MANAGEMENT

We control our zipper quality through a meticulous multi-step process. First, we source high-grade materials to ensure durability and smooth operation. Each zipper undergoes rigorous testing for strength, functionality and alignment. Our production process includes precise manufacturing techniques and regular inspections to maintain consistency and prevent defects. Post-production, we conduct random sampling and stress tests at our In house Lab to verify the reliability and longevity & to also maintain following zipper parameters :

Colour Fastness

Zipper parts strength tests

Zipper Shrinkage

Visual Colour Matching.

Crockmeter

Colour matching  
Cabinet

Zipper Fatigue  
Machine

Laundr - Ometer  
(washing Fastness)

This comprehensive approach ensures that every zipper meets our high standards of quality before reaching the customer. Additionally, we take help of leading third party testing labs to get our zippers tested regularly on following standards:

EN -  
16732:2015

Registration, Evaluation, Authorisation  
and restriction of Chemicals (REACH)

RSL

CPSIA -  
For Kids Wear

## OUR ESTEEMED CLIENTS

### Disclaimer :

MAX Zippers (Kwality Threads Pvt. Ltd.) is a supplier to exporters in India manufacturing products for the mentioned brand.

# INVISIBLE ZIPPERS

MAX Invisible zippers offer a seamless and sophisticated solution for any garment, providing a flawless finish that blends effortlessly into the fabric. Perfect for dresses, skirts and tailored items, these zippers are designed to be virtually undetectable, ensuring that the garment's design remains the focal point. Their discreet functionality doesn't compromise on strength or ease of use, making them an ideal choice for both professional designers and home sewing enthusiasts. Elevate your creations with the elegance and subtlety of invisible zippers, where the magic is all in the details.

## #3 MAX NYLON ZIPPERS

MAX Nylon zippers are renowned for their durability, versatility and smooth operation, making them a preferred choice for a wide range of applications across many industries. Crafted from high-quality Polyester Yarn & Filament, MAX Nylon zippers offer reliable performance and longevity, ensuring your garments and other products stand the test of time. Their robust construction and easy-glide functionality make them perfect for the garment industry where strength and ease of use are paramount.

## ADVANTAGE ON YOUR SIDE

- Short Lead time for ever growing market – A systematic production flow and effective stock management system give us flexibility to cater urgent needs of valued customers.
- Small Dye Lots and Quick Sample service – A strategically made Sample department in our facility enables us to supply small dye lots/Product Samples/Pre Production samples at a very short lead time.
- Customised products to fit every customers's requirement – We understand zipper is an integral of any product. Our custom fit products aids every customer to be updated with latest trends and bring something new to the table.
- 600 Series shade card: Our 600 series shade Card enables our customer to communicate their shade requirement effectively.

# WASTEWATER MANAGEMENT

Our manufacturing facility has implemented a Zero Liquid Discharge (ZLD) system.

It is a treatment process to remove all the liquid waste from a system. The main focus of the ZLD system is to economically reduce wastewater and produce clean water that is suitable for reuse, being beneficial to the environment. ZLD systems employ advanced wastewater technologies to purify and recycle virtually all of the wastewater produced.
