**RISK REDUCTION STRATEGY:** We deliver operational certainty in high-stakes environments. A+ Enterprise specializes in making complex programs survivable and traceable, ensuring that every transaction and deployment is audit-defensible before oversight occurs.

## CORE CAPABILITIES

### Audit Readiness & Compliance Operations

- Pre/Post-award compliance structuring
- PO, invoice, and vendor documentation alignment
- Financial artifact readiness (UCC context / Lockbox)
- Evidence packaging for federal audits and reviews

### Public Sector Technology & IT Enablement

- IT procurement coordination (OEM → Distro → End User)
- Hardware lifecycle management & orchestration
- Secure delivery within highly regulated environments
- IT service coordination with subcontractor risk control

### Public Sector Tech & Logistics Enablement

- PO-backed fulfillment oversight and dock compliance
- Multi-vendor logistics and delivery verification
- Chain-of-custody documentation for sensitive assets
- Schedule and schedule-risk management

## PAST PERFORMANCE

### Westerville City Schools (Ohio)

*Managed Technology Logistics & Fulfillment*

Overhead management of six-figure PO involving distributor credit review, pricing alignment, and chain-of-custody verification for K-12 hardware deployment.

### Missouri State-Level RFQs

*Compliance & Response Management*

Standardized response frameworks for state solicitations, ensuring 100% documentation compliance for multi-year service awards.

## DIFFERENTIATORS

### Veteran-Owned

SDVOSB/MBE status with a military-grade focus on mission success.

### Audit Survival

We don't just deliver; we document the path to delivery to protect your funding.

### Agentic Velocity

Proprietary automation workflows that reduce manual error and variability in reporting.

## CERTIFICATIONS

### SDVOSB

Service-Disabled Veteran-Owned Small Business

### MBE

Minority Business Enterprise

### SDVE

Service-Disabled Veteran Enterprise
