RELEVANT PROJECT EXPERIENCE

COMMERCIAL FITNESS FACILITY

Springfield, Missouri | Awarded 2026

Construction cleaning support aligned to a 22-week build schedule, including compliance onboarding, safety documentation, progress/final cleaning, punch response, and turnover support.

SELF-PERFORM + PARTNER-ENABLED

A+ self-performs cleaning, site support, field coordination, documentation, and closeout; licensed or specialized scopes scale through qualified partners.

POSITIONING

Integrated Operations. Accountable Closeout.

A+ Enterprise LLC provides construction and facility support, technology deployment, electronic-security coordination, and documented project closeout for government agencies, prime contractors, and commercial clients. Our veteran-led delivery model combines disciplined field coordination, responsive communication, qualified partners, and audit-ready documentation from planning through final handoff.

CORE CAPABILITIES

CONSTRUCTION & FACILITY SUPPORT

- Progress, final, and turnover cleaning
- Facility and site support
- Selective interior demolition support
- Punch-list and closeout coordination

TECHNOLOGY & INFRASTRUCTURE

- Structured cabling and communications
- AV and equipment deployment
- Technology-enabled field support
- Installation documentation

ELECTRONIC SECURITY & LOW VOLTAGE

- Access-control installation support
- Surveillance-system coordination
- Device deployment and verification
- Closeout documentation

CONTRACT OPERATIONS & AUTOMATION

- Scope review and responsive estimating
- Vendor and field coordination
- Digital inspection and status workflows
- Compliance-ready reporting

WHY A+ ENTERPRISE

- Certified supplier-diversity value: SBA SDVOSB, Missouri MBE, and Missouri SDVE.
- Documentation-first execution: status reporting, photo verification, punch tracking, and organized closeout records.
- Single-point coordination across clients, field personnel, vendors, and trade partners.
- Scalable delivery model supported by qualified labor, licensed trades, equipment, and technical partners.
- Veteran-led operational discipline focused on schedule, communication, issue escalation, and mission completion.

DELIVERY MODEL

- PLAN** Confirm scope, requirements, partners, schedule, and execution controls.
- EXECUTE** Coordinate work, communicate status, verify service, and document performance.
- CLOSE OUT** Resolve punch items, organize records, and complete an accountable handoff.

CONTRACT FOCUS

- Federal, state, and local agencies; prime contractors; and commercial clients.
- Government, military, institutional, healthcare, commercial, and infrastructure facilities.
- Prime, subcontract, vendor, and teaming roles for project-based or recurring scopes.
