Evolution Events to 16th Century to Code of Life to Blueprint for Life to Scientific Dating.

NEW SCIENCE BIBLE  
"Gave Keys to the Universe to NASA and top scientists."  
"This isn't theory!"

It came from the Venezuela Basin...

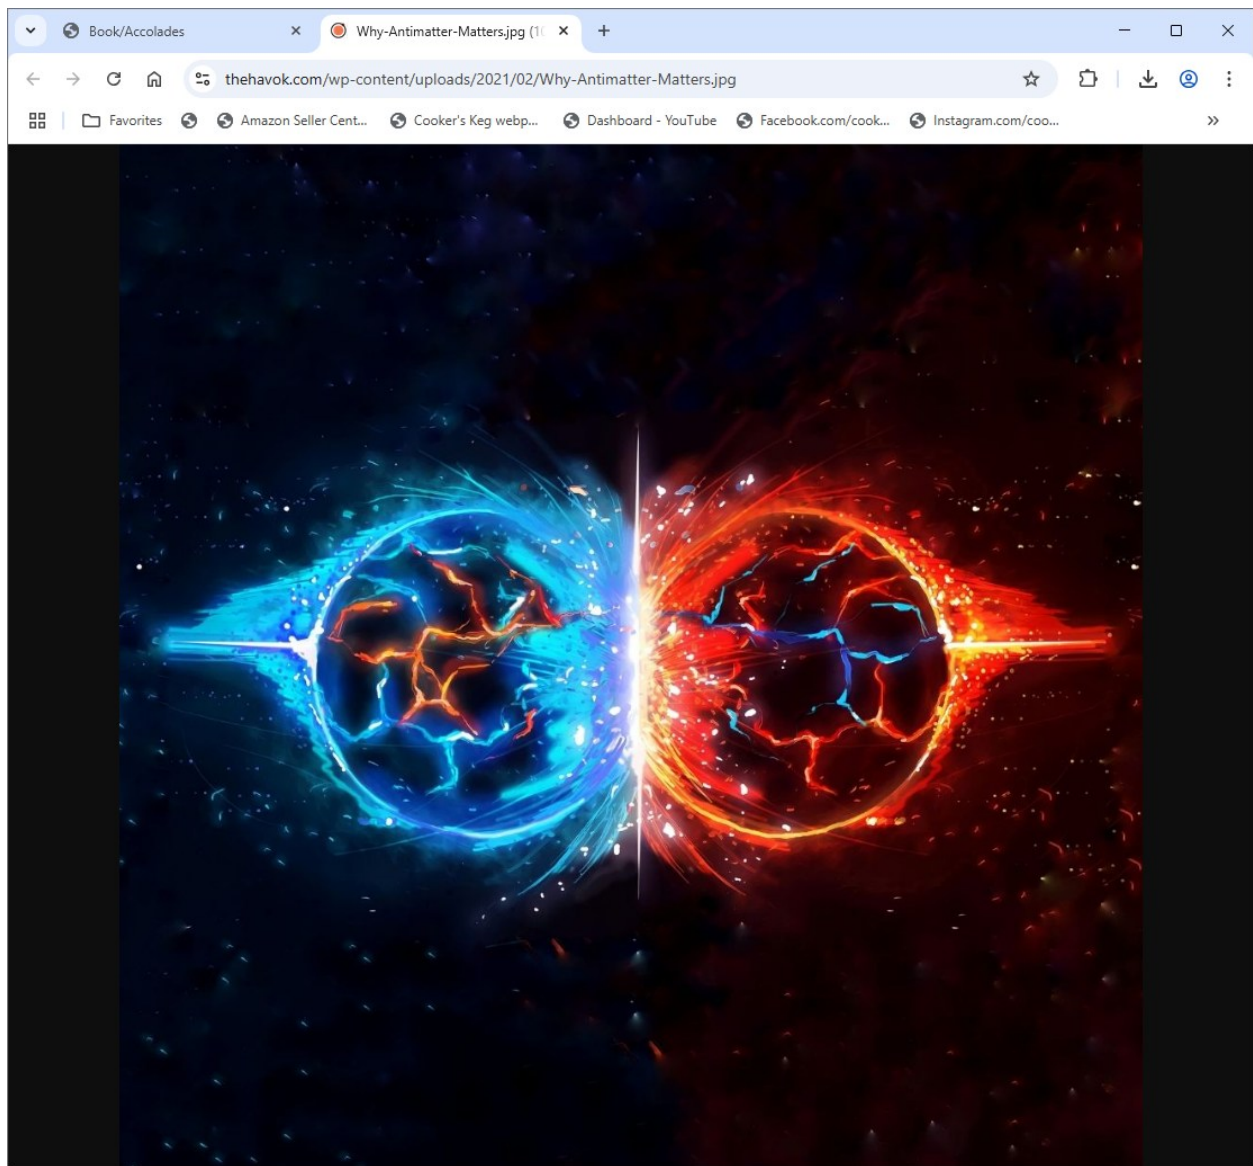

I presented NASA and top scientists with two Keys to the Universe in discovering creation of life, evolution, black holes, and more from Clemens' Supernova and Clemens' Comets. I discovered a moon crater under the Caribbean Islands with two more under South America and meteor showers to unlock Earth, Evolution Charts, solar systems and beyond. Three moons split Earth in half 66 million years ago in the K-Pg Boundary swallowing dinosaurs as Clemens' Polar Gravity drowned survivors.

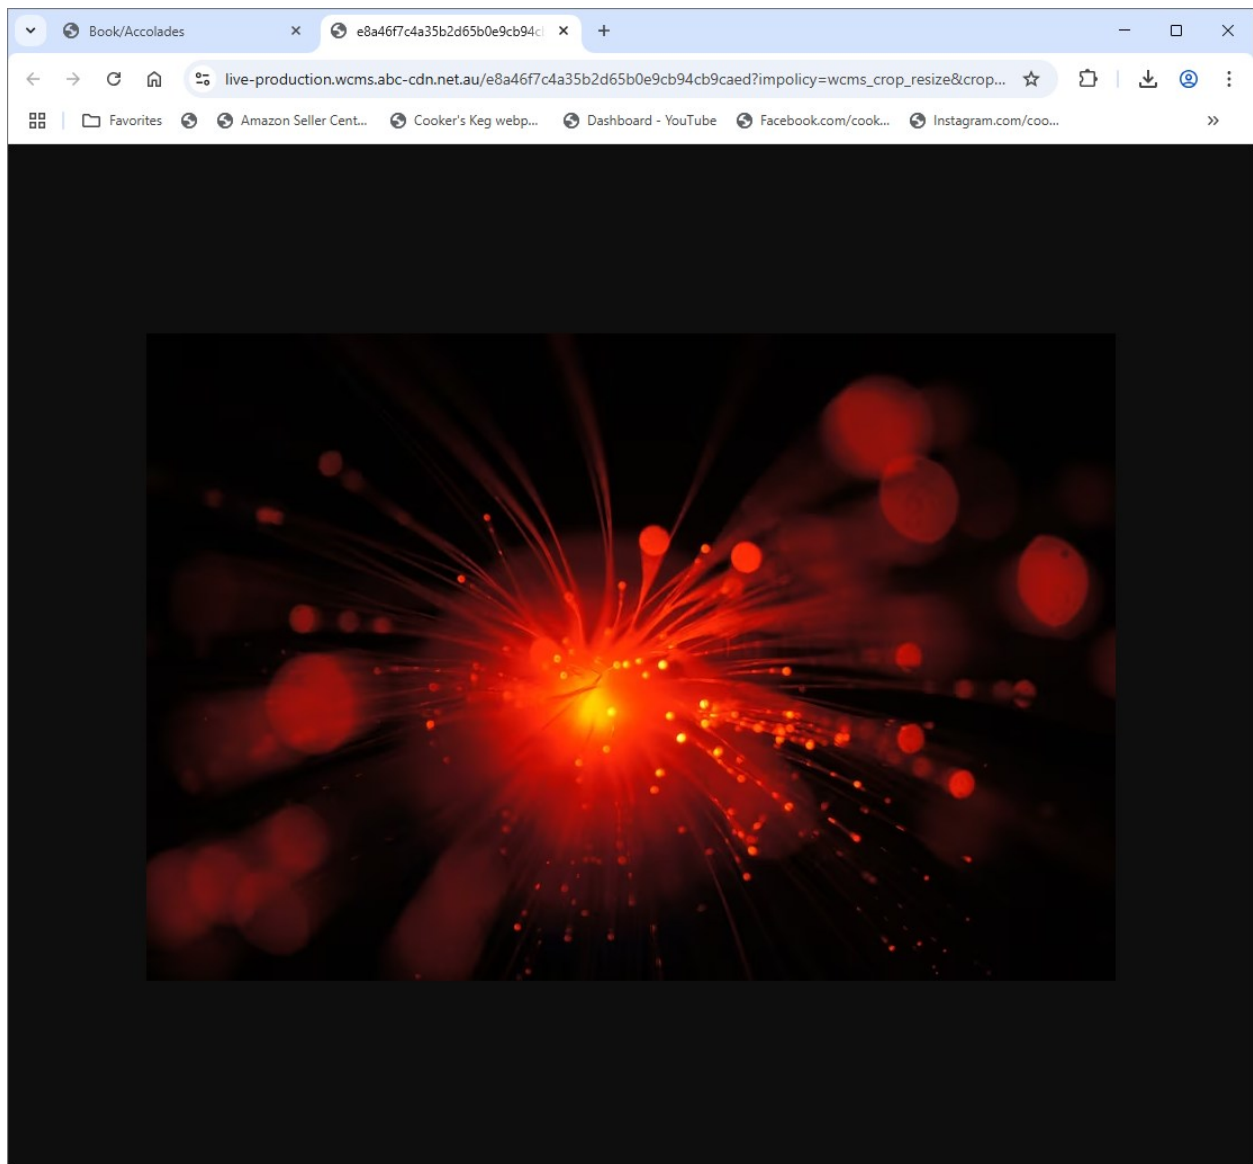

Discoveries span from Earth's core to Clemens' Supernova 4.5 Bya to future impact predictions. Three moons created 99% of geology, Clemens' Supernova Metallic Hydrogen Cores in Earth and moon, moon was Earth's core. Grand Canyon, Himalaya and Rocky Mountains made in 1 hour. I cracked the Code of Life and evolution caused by Clemens' Comets and discovery flood gates opened. It's enumerable discoveries as creation of everything in solar systems of the universe, past and present.

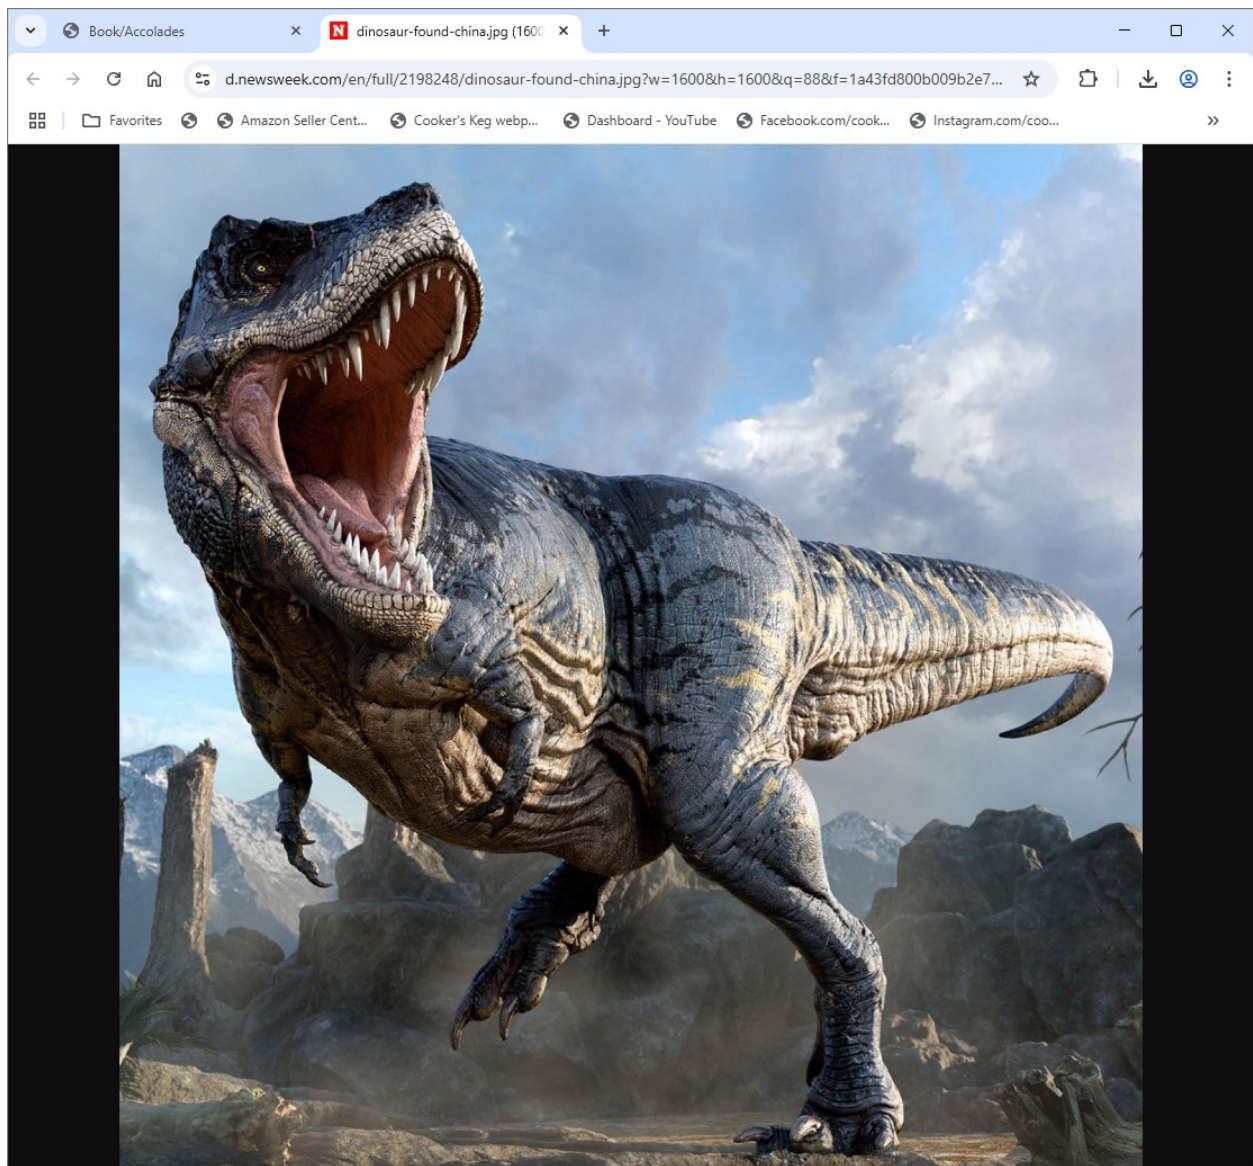

I notified NASA Administrator Charles Bolden and science staff with 30 other top scientists about my discoveries as I mastered physics to unlock Earth, life and Clemens' Black Holes. I searched for the Venezuela Basin crater for 48 years shaping my education around my theory this was a side-swipe impact, until I realized it was a direct impact affecting land and water. My Keys to the Universe solved the rest with more keys included.

I discovered all creation by Clemens' Comets after finding a pattern in evolution as I reported three moon craters in the K-Pg Boundary to NASA and scientists. I was a child geology and a student with a telescope collecting puzzles.
