PREFACE

The magazine aspires to showcase the best photographs and reports of the events organized by **SKRCP** in the academic year 2023-2024. Historically, we've been through all kinds of ups and downs, but we are back at it again! Take a look at our most recent magazine.

Each year a new issue of **SKRCP's** magazine showcasing the events organized in the institute is released. Immerse yourself in SKRCP's creativity!

It is intended to give you an insight into recent developments of the institute. Of course, this edition contains only events that we organize. By no means is it intended to cover all of our activities.

SKRCP would like to thank all our staff and students for their contribution to Compact. We hope that you will all greatly enjoy the glimpses, and we look forward to your feedback.

Sasikanth Reddy College of Pharmacy (SKRCP)....

ABOUT US

Sasikanth Reddy College of Pharmacy (SKRCP) was established in 2004 under **Lendi Educational Society** to impart quality education to our students for their all-round development in order to cater to the needs of the society and to achieve global excellence.

Quality leadership begins with an idea that is communicated and embraced by others. At our Institute, we train students to think independently and nurture ideas. This process results in grooming the future leaders.

The need of quality education has never been so promising than it is today. Understanding this need of the time, **SKRCP** has gone a long way in promoting quality education through its various endeavors.

SKRCP not only focuses on the theoretical curriculum, but also help in the development of a student personality, extra-curricular activities and over all perspective. Everything that makes a good institution are - a highly trained faculty, rich library, placement division, teaching methods, liberty to think and express themselves - we have it here.

At **SKRCP**, we strongly believe that every learner is a blessing and moving ahead, chiseling of their personality is the ultimate aim of education. For accomplishing this, we provide an environment for them where values are at the core along with the chance to grow and shine.

Our Vision

The pinnacle to glory in pharma education is by elevating the institute to global level and also as a centre for excellence.

It is achieved by a systematic and relentless approach to knowledge-based learning and value-based practice in the profession.

We believe in *being yourself, being unique, stand out.*

Our Mission

- Our mission is to embrace the pursuit of excellence both inside and outside the classroom.
- We encourage our students in critical thinking and emphasize the learning process.
- To sow the seeds of discipline and professionalism among the faculty and students.
- Providing state of art infrastructure facilities and latest innovative methods.

CAREER IN PHARMACY

by Monica Trivedi

The past 3 years have put a spotlight on how valuable skilled health care providers are, as well as how much an individual health care professional can impact patients' experiences in health care. The pharmacy profession in particular has seen substantial growth and remains a top career choice with respect to job satisfaction, job security, income, and opportunity for advancement. A professional with a newly-minted pharmacy doctorate degree today has many options for a rewarding career.

One of the main elements contributing to the pharmacy sector's unchanged position as a top job in health care is the deep satisfaction that pharmacists experience as they witness firsthand the impact they have on their community and the people they help daily.

Since pharmacists remain one of the most accessible health care providers in any given community—with the rise of telehealth even further broadening this accessibility—patients rely on them for much more than simply filling prescriptions. With the proliferation of complex, technical, and potentially alarming or inaccurate information on the internet, a pharmacist is a vital resource in communities for sound medical advice.

REPORT:

International Day against Drug Abuse and Illicit Trafficking was observed as an expression of its determination to strengthen action and cooperation to achieve the goal of an international society free of drug abuse. The aim of this year's campaign is to raise awareness about the importance of treating people who use drugs with respect and empathy; providing evidence-based, voluntary services for all; offering alternatives to punishment; prioritizing prevention; and leading with compassion.

On this auspicious day, we organized an opening ceremony with the staff members of SKRCP during which Dr. V. Haribaskar (Principal) explained about the seriousness of drug abuse and illicit trafficking.

Following this Dr. CH. Praveen Kumar gave a detailed power point presentation on drug abuse and illicit trafficking. He covered the points of various conventions on drug abuse, licit and illicit cultivation, effect of drugs on our body, NDPS act etc.

REPORT:

Here comes the eco-friendly Paper Bags manufactured from sustainable materials and are simple to recycle. They provide a green option for carrying and packaging goods. **The World Paper Bag Day** honours the use of a more environmentally friendly option to plastic bags.

In order to increase awareness of the advantages of using environmentally friendly paper bags the world Paper Bag Day is celebrated at SKRCP. The day also acts as a reminder of the value of making environmentally friendly decisions in daily life and motivates people and companies to switch to more sustainable options.

On 12th July 2023 SKRCP organized Paper Bag Day to promote the significance of utilizing paper bags instead of plastic. Along with educational seminar our students have prepared eco-friendly paper bags by themselves and distributed to the public. All our staff and students were actively participated in the event and made successful.

REPORT:

Nature provides us with essential resources such as clean air, fresh water, and fertile soil. It supports biodiversity, which ensures the stability and resilience of ecosystems. Conserving nature also mitigates climate change, protects endangered species, and promotes sustainable development.

Furthermore, maintaining the integrity of natural habitats helps prevent the emergence and spread of infectious diseases. By respecting and protecting the environment, we not only safeguard our own health but also contribute to the overall well-being of the planet.

On this auspicious day, we organized an opening ceremony with the staff members of SKRCP during which Dr. V. Haribaskar (Principal) and Dr. CH. Praveen Kumar (Vice-Principal) and other staff explained about the importance of nature conservation for our future.

Organised world nature conservation day on 28th July 2023. On behalf of this day, we organised awareness seminar, plantation and painting activities to improve the awareness on nature among students.

REPORT:

Heart diseases are the most common cause of death, cardiac arrest is the heart suddenly stops beating as a result blood will not be pump around the body, without immediate intervention such as cardio pulmonary resuscitation death will occur within minutes.

CPR plays a crucial role in increases the chances of survival for individuals in cardiac arrest, it helps to maintain blood circulation and oxygen supply to vital organs until professional medical help arrives. It is crucial for individuals to receive proper CPR training to ensure effective and safe execution of this life saving technique.

In our college we conducted a webinar to students to learn the CPR technique and this accessibility ensures that more people can be prepared to respond effectively in emergency situation.
