COLLEGE ACADEMIC COMMITTEE

Objectives

The Academic Committee main function is to act as a medium of communication between the students and the faculty. The agenda of this committee is to keep the students aware of their academic standards and reducing the inhibitions. It provides a platform to the teachers and students to interact at regular intervals. It also conducts students' academic achievement functions to honor their academic excellence. It takes up the responsibility of imbibing best practices so that future student's community can have better future.

The members of the committee gather at two times to discuss and find a way, to develop and ensure the quality of teaching & learning process. This committee also formulates the guidelines, rules and regulations of all academic affairs of the college.

Collect feedback from various stake holders: Collecting feedback from the various stakeholders in the action taken by the academic advisory board for the smooth working of the association and its improvement.

- **Students** : The board works for the general prosperity and all-encompassing advancement of the students of the organization so they may stand as loyal pioneers and as dynamic members in the society. The important ideas can be taken from the students as a type of feedback for the improvement of the students.
- **Faculty** : Faculty members are the central source for the operation of the academic advisory group rules and strategies. For the improvement of the students, the important feedback of the teachers will be supposed, discussed and executed according to the decision taken by the board of trustees.
- **Alumni** : The Alumni network has a genuine advantage for present students. As a brand representative of the organizational alumni will play an essential role in the advancement of the student career. Alumni also give their important time to offer career support to existing students.
