A GAME OF CHESS

by Michele Grifka, 5th Grade Teacher

Each week students gather in room 203 to play the game of chess. They are so excited to come. I see the younger students in the hall all week and they ask is there chess this week? The students cannot wait to come. Is it the game they are excited for? No, it is about spending time with their friends. They play chess, eat snacks, and quietly talk to one another. What a great day that is!

Each week we have that same invitation. Come spend time with me. Come talk, share in the meal, and be with family. How many of you take the time to answer that invitation? God wants us to be a part of your life. Do you allow Him to spend time with you in prayer, at church, or even in your daily life?

I know the students who come to chess have changed since the beginning of school. They have grown in the knowledge of the game. They have strengthened their friendships with each other. The students have learned that it is okay to lose and how to gracefully win. They are saddened when the time is up to leave.

One hour a week with God can make all the difference in your life. Are you willing to take that chance? Are you willing to feel the love God has for you? Each week the doors are open for you to enter. Will you take that first step? We meet each week at 8:00am on Wednesday in the church and on the weekends. We hope you will join us.

ST. AUGUSTINE NEWS

Don't miss this VERY IMPORTANT

PARENT
