

Calling High School Artists! **PAINT THE DRAINS CAMPAIGN**

Keep Wimberley Beautiful is seeking local high school artists to design storm drain murals! The Paint the Drains

Campaign increases the awareness of stormwater pollution, promoting water quality through art and creativity. All water and pollutants directly enter our waterways. Turn functional urban infrastructure into a canvas for environmental education!

Show off your artistry by participating in Wimberley's new Paint the Drains Campaign.

For more info, see the KWB website.
