**CENTENNIAL
CAMPAIGN**

OUR GOAL: \$150,000

For 100 years we have had the privilege and honor to persevere our rich history and practice our faith on this land settled and nurtured by our family. It is our duty to maintain these gifts and pass along the traditions to the generations coming behind us.

With the help of our parishioners, descendants of parish founding families, and perennial patrons of the parish's Italian festival we can address multiple needs of the parish in preparation for the 100th anniversary of the parish in August 2022. This includes meeting our obligations for housing for our pastors (present and future), and numerous parish-based projects in the areas of safety, the sacred, and beautification.

- \$50,000 to meet our obligation to house our pastors now and in the future
- \$20,000 to refurbish the interior ceiling of the church
- \$20,000 to reseal and resurface damaged areas of the parking lot and restripe the entire lot adding 10 additional parking spots
- \$20,000 for beautification of Church and hall including exterior painting/power-washing, re-sod areas of grounds, and replace yellowed, acoustic tile ceiling in hall
- \$10,000 for the addition of a sacrarium which is a special sink to wash sacred vessels in the church, and to purchase a piano to enhance the music liturgy
- \$30,000 to recoup lost income from missing two annual parish fundraisers which help provide the annual operational funds of the parish covering costs of maintenance, liturgy, etc.

You are part of this history. Your story is forever intertwined with St. Francis; our parish thrives today because you and your family have enriched it.

Please consider how St. Francis parish has impacted you and generations of your family and please join in this Centennial Campaign as we ensure that St. Francis parish continues to nourish the spiritual lives of generations to come.
