Etiquette

Etiquette is an integral part of the game, defining golf's core values. It describes the manner in which the game of golf should be played to ensure all players gain maximum enjoyment.

In short, it's about "respect":

- Respect for the course – leave the course as you would like to find it by repairing pitch-marks, replacing divots and raking bunkers.
- Respect for your fellow players – be sportsman-like and polite, stay by the green to watch them hole out, and avoid distracting them.
- Respect for the game – by knowing the Rules and etiquette of golf.

Golf is played, for the most part, without the supervision of a referee or umpire. The game relies on the integrity of the individual to show consideration for other players, care for the course and to abide by the Rules. All players should conduct themselves in a disciplined manner, demonstrating courtesy and sportsmanship at all times, irrespective of how competitive they may be.

This is the spirit of the game of golf.

Additional competition rules as adopted by the committee are on display at the club house.

Competition Rules

INTERPRETATION OF RULES

In stroke play, if any doubt arises as to correct application of rules or procedure, a second ball should be played as provided in rule 3.3 All instances of doubt or dispute must be reported to the captain or member of match committee. This will assist to attain the objectives of uniform interpretation, equity, education and implementation of local rules.

MATCH PLAY

Four Ball: Reduce lowest handicap to scratch, reduce all other correspondingly and each player then plays off his resultant handicap.

If a match is all square after 18 holes, continue play until a decision is reached and where play has commenced from other than the first hole, shall be continued from the hole first played.

Each round must be played on the date specified in the program, or by the date specified for any knockout competition. Every round must be decided by play, except where one competitor may be declared a winner due to the default by the other competitor.

PRACTICE

Practice with more than 2 golf balls must be confined to the defined practice areas. In accordance with rule 33.2(c) of the Rules of Golf, the 14th fairway which excludes the teeing ground and the green is defined as practice area. Playing from the tee onto the green is not permitted.

Pace of Play

To ensure that the place of play is met, the following R&A pace of play guidelines shall be adhered to:

- All players (not just the lowest marker) are responsible for the speed of play of their group.
- Move quickly between shots and be ready to play when it is your turn.
- If you are behind, abandon the 'Honour' system and the furthest from the hole hits first rule and adopt the procedure where, if it can be done safely, the person who is ready hits, even if he is further up the fairway, **providing it is safe to do so**. On the tee, shorter hitters hit first. Longer hitters hit last.
- Maximum combined handicap of a group in regular stroke play shall be 85.
- Play a provisional ball if there is some doubt to where your ball finished.
- Leave buggies on the side of the green nearest the access to the next tee.
- Line up your putt and get set to putt while other players are putting without breach of etiquette.
- If you 'have the honour' on the next tee, hit first and then mark your scorecard.
- Mark your scorecard on the next tee while others are teeing off.
- In other than Stroke competitions, pick up your ball when you cannot score.
