PROJECT NOTE: These drawing are scope documents indicating the general project design concept, dimension of the project, major architectural elements, and basic organization of structural and mechanical, electrical, and plumbing systems. As scope documents, these drawings do not necessarily describe or indicate all materials or work required for full performance and completion of the project. On the basis of the general scope indicated or described, the general contractor shall furnish all items required for execution and completion of the proposed project and verify all dimensions in the field.
