HAVE AN AMAZING FEST!

WELCOME TO OUR BEAUTIFUL NEW SITE: SPARROW LAKE CAMP

"Sparrow Lake Camp is surrounded by over 2 km of shoreline on Ontario's beautiful Sparrow Lake, which is part of the Trent-Severn Waterway System connecting Lake Ontario to Georgian Bay. The lake is a popular spot for boaters and anglers, and a great place to cool off on a hot summer day." - Sparrow Lake Camp

For anyone camping overnight, there are 126 mixed wooded and open acres to explore! Check out our map for acceptable camping areas. The campsites around the peninsula on the shores of Sparrow Lake are little bits of paradise! These sites are removed from the main camp, and afford excellent privacy from others on shore, while being open to the lake along the shore. You may also camp on the south shoreline, in the area around P2 and in the grassy area near the Great Hall.

"Built in 1927, Sparrow Lake Camp's beautiful "Cabin Row" is a source of much pride. With 13 original cabins as well as the newer "Leadership Academy", Cabin Row has 182 bunks in total. Cabins are unheated with large screened windows to keep bugs out and allow breezes in during the summer months. Each cabin has an electrical outlet, hard-wired smoke detectors, and fire extinguisher." - Sparrow Lake Camp

The dining hall is equipped with a full size kitchen and plenty of seating. We will have breakfast and dinner available for those who wish to purchase a meal pass, or who wish to purchase individual meals. Please visit Admin to purchase meal passes if you have not done so already.

"The main washhouse is equipped with toilets, sinks, and showers, separated by gender. Additional individual portable restroom facilities are situated around the camp as well." - Sparrow Lake Camp

"We understand that the entire planet is covered in a rich and interconnected system of living things - large and small - each with a special role to play in the whole. So to do humans belong to the world around us. As cities continue to expand, we are increasingly privileged to be able to connect to the living world around us." - Sparrow Lake Camp on Nature

"We believe that above all else, we are called to love one another - without caveats. As simple as it is to say, loving others just as we wish to be loved ourselves is not simple for anyone. Loving others doesn't just mean caring for them, it means that we have to acknowledge their humanity, and their perspective. It means accepting people as they are, right here and now. To open the door to the stranger, and provide a safe space for everyone." - Sparrow Lake Camp on Faith.

BRIAN WALSH

Brian Walsh is a professional storyteller specializes in Celtic Mythology as a source of wisdom and humor, discomfort and delight. He has told at diverse venues including the Toronto International Storytelling Festival, Schools/Universities, and around the campfire under the stars.

Brian also works as a Spiritual Care Provider and Supervisor-Educator in a hospital setting, as well as a pagan chaplain and adjunct faculty (theology) at the University of Toronto.

Brian will be presenting the following workshop this year:

"A HARVEST OF STORIES: USING STORYTELLING IN SEASONAL RITUALS" (90 MINUTES)

In this workshop, Brian will share an Irish Story for each of the harvest festivals of the waning year, connecting them with the holidays' themes. We will then discuss how stories from various cultures can be used on these holidays, in appropriate and ritual enhancing ways.

IVAN WESTLEY

My name is Ivan and I'm a certified tarot and rune practitioner, as well being an accredited member of the International Practitioners of Holistic Medicine (IPHM). My journey into divination started back in 2019 when I exhausted my creativity and passion from playing the local music scenes for close to 30

years as a musician. I needed to find a new outlet to exercise and express my individuality. Tarot was the answer to this dilemma. When I received my first tarot deck, I had dived into it headfirst without looking back. I went on with further tarot studies and completed certification courses to become a practitioner. This led to the start of my divination business called Rebel Star Divination. From tarot I started to study Rune Divination and completed certification courses coupled with a Norse Mythology certification course which work hand in hand with understanding the mystery, lore, and magic of rune-work.

Ivan will be presenting the following this year:

INTRO TO RUNES (THE ELDER FUTHARK SYSTEM)

This will be a unique Harvest-Fest only condensed version of my online 2-hour workshop that I teach via Happy Soul Academy

(<https://happysoulacademy.thinkific.com/courses/intro-runes>) !

I will be teaching the basics and brief history for each of the 24 runes for the Elder Futhark system; the earliest runic system before it branched off to other rune formats throughout England and Scandinavian territories. I will be giving keywords and lore behind each rune and a physical "cheat sheet" at the end of the workshop to those who want a reference guide for doing their own studies and divination. I invite you to join me for this info packed hour of learning what runes are about and how they can be applied to your daily life.

She has participated in numerous radio, TV and film documentaries on witchcraft, A former director of Wic-Can Fest and Harvest Fest for over 35 years, she believes that everyone is entitled to believe in and honour the Goddess and the Old Gods and sought to provide a meeting place for all our people to share knowledge, connect, celebrate and network with others of similar earth-based faiths. Proud mom to 8 children, she considers herself a healer, a traditional wisdom keeper and a witch.

Bring your questions to this frank and open discussion.

KRISTY JONES

Kristy will be hosting the pumpkin carving/painting this year! She will be offering and organizing a movie night and an Arts & Crafts Workshop.

LAURIE BENSON

Laurie Benson has led Herb Walks and Talks from Starwood to Kaleidoscope, after being inspired by the Wic-Can Fest walks Nick Faunus led in the '80's. She went on to work for Faunus Herbs, studied with Susun Weed and was initiated by her as a Green Witch in the '90's. Laurie has completed her 500 hour Advanced Yoga Teacher status through international training in Costa Rica, Mexico and India and teaches Yoga and Practical Herbalism from her home in Cannington and at Festivals.

HERB WALKS ✨

Tour this majestic site to get to know our plant allies and their edible, medicinal and magikal attributes. As foraging and wildcrafting become more popular, it is important to know who is who in the plant world! This walk will take about an hour unless there is interest to continue for another. I will let people know who wish to attend the next workshop scheduled when the first hour is nearly up and then there is a possibility to continue further. We keep to the roads and paths (I will show you Poison Ivy that is off the path!) so there aren't too many challenges in the first part, but there are some rocky climbs near the lake that we can tackle as well.

HOW TO MAKE A HERBAL DRINKING VINEGAR ✨

What's the difference between tinctures, oxymels, shrubs and switzle? All are names for different drinking vinegars with healing and nourishing properties and some are tasty enough to make into mocktails and cocktails! We will talk about the healing gifts of the herbs traditionally used, how we can be creative with our mixes, and get to sample some of the drinks. You will also get a sample bottle to collect your own herbs in and extract their goodness in organic apple cider vinegar!

MAKE A HERBAL DREAM SACHET ✨

Traditionally herbs have been combined in a little bag or sachet to help with prophetic or lucid dreaming, bring easy sleep and banish nightmares. All ages can create their own magikal herbal blend (several dried "dream herbs" will be supplied) to be placed in a cloth with some essential oil, beads or other decorations. If you have any special gemstones, ribbons or items to include, bring them along! There will be only as much sewing as you want to do, so this can be as quick and easy or as deep and meditative as you wish. Lists of herbs and their dream influences will be supplied in case you want to explore this further!

RICKY NICKY

Erica/Ricky is an award-winning mostly-bellydance performer who had can dancing in shed and festivals across Canada and the United States since 2016, both as a soloist and with the Hamilton-based dance collective Raqs Mahasti. She continues to study at Mahasti the Creative Emporium, which can be found at hamiltonbellydance.com. She is also a witch who has been forging her own path for many years, in addition to being an educator, a metalsmith, an astrologer, and most recently an amateur stained-glass artist. You can follow her magical and creative exploits on instagram at [@cherica_nova](https://www.instagram.com/cherica_nova). Ricky Nicky will be hosting the following workshops:

BELLYDANCE FOR BEGINNERS

This workshop is a gentle introduction to the movements and isolations we associate with bellydance.

We will practice the basics, put them together into combinations, and learn traveling steps that are great around the fire! All bodies welcome.

RIBBON DANCE

The fun, colourful ribbons-on-sticks are back for you to play with! I provide the music and ribbons as well as some creative movement suggestions,

but your own artistic expression is encouraged.

Just bring a fun attitude and let's dance together!

This workshop is child & inner-child friendly. All bodies welcome.

WULF HIGGINS

Wulf Higgins is a professional prop builder and a life-long maker of stuff: tools, furniture, clothing, shrines, masks and, of course, lanterns.

He is never happier than when he can take a handful of twigs, an old rag, some string and a few beads, and make it into something beautiful, useful or simply fun. There is magic in making things.

Wulf will be hosting a mask making workshop in anticipation of the Witches & Wizards Ball!

MAKING GREEN MAN MASKS

Using papier maché forms and real oak leaves, Wulf will show you how to create a one of a kind Green Man (or Green Lady) mask for ritual, performance or the Witches' and Wizards' Ball. Simple sewing and use of sharp tools required, so this workshop is suitable for adults or teens but not younger children. All materials supplied; space is limited.

CHARLENE FREEDOM

Charlene Freedom is a Certified Natural Health Practitioner, Cannabis Educator, Event Organizer and Natural Cosmetic Formulator. She hosts a line of hand blended aromatherapy cosmetics for body, skin and hair care, with twenty years of aromatherapy formulation, and eight years experience specializing in cannabis topical formulations, education and consulting for cannabis patients across Ontario.

Her passion for natural healing extends beyond aromatherapy and also includes massage, reflexology, Reiki. Her healing intent always holds a special magic in all she does, and her products have always been a shining example of quality. Charlene is selective about choosing high quality ingredients that are proven to be ethical, sustainable and pure.

Her dedicated research and product development includes working with a number of skin and health conditions such as acne, psoriasis, eczema, stress, inflammation and aging. She is happy to create custom therapeutic blends for those with allergies or special requirements.

BODY PENDULUM WORKSHOP

Body Pendulum is a system of divination that combines the strengths of your intuition and trust of your physical senses. As we grow, we are often taught to ignore our feelings, intuition, and how our body reacts in positive and negative situations. This workshop will show how to use your body as a pendulum, rather than using something that is an extension. Sometimes it's not always possible to find a secluded corner to pull out your magical tools. With Body Pendulum, you can use this system anywhere, anytime, and you will learn to trust your own instincts, intuition and develop a better relationship with your body.

LADIES LOVE MARY JANE CIRCLE

Join Charlene Freedom for Ladies Love Mary Jane to share a women's cannabis ritual. Women have shared cannabis since ancient times, and many women report incredible changes when they begin to work with cannabis as a plant spirit. This ritual endeavors to honor the sacred magic and healing that cannabis offers to women, and provide a safe space for women to "come out of the cannabis closet." We will be participating in 3 rounds of passing the pipe, called Odes, Bitch, and Boasts. You do not need to imbibe if you don't wish to, but all are welcome to join in the circle. If you prefer to bring your own cannabis, and use your own pipe/joints, please feel free to do so.

MAGICAL LOTION POTIONS

In this workshop, we will be creating all natural lotions for body and facial care with the focus on skin care through the autumn and winter. We will discuss the difference of lotions and creams, what makes these products all natural, and how to add botanical ingredients like carrier oils, infused oils, natural butters, and essential oils to create your own magical potions.

MELIA KEOGH & CHILDREN'S PROGRAMMING

My name is Melia Keogh, and I've been part of this amazing community since I was born, so I'm very excited to finally start making my own way and offering things back to all the wonderful people here. The arts are a big part of who I am, and have been pursuing an artistic career my whole life. My main artistic passions are along the lines of drawing and cooking, but I also like to explore music as well. I've been taking art classes and practicing for as long as I can remember, and I've gained a great respect for fellow artists. I love to

learn, create and s

hare with the people around me, and I personally feel that it's never too late or too early to pick up something new.

Channeling my creativity into my work and my faith has helped me as a person. We are all on a long journey, always learning and changing, so I hope to encourage others to do the same, even in small ways, to make our world even more beautiful.

Blessed be :)

MELIA WILL BE BRINGING US CHILDREN'S PROGRAMMING ON SATURDAY AND SUNDAY!

A place for little witches and their families to come and do some fun crafts or activities. There will be a different craft for each day, so feel free to come down at your leisure, whether it's in between classes or during some free time, you are always welcome.
