

Pray For Our Nation

II Chronicles 7:14 - I Timothy 2:1,2

WITH THE NEW YEAR, LET'S THANK GOD FOR THE TURN AROUND IN OUR COUNTRY WITH THE THINGS THAT ARE GOING RIGHT, WHILE PRAYING FOR THE FIX IN THE THINGS THAT STILL NEEDS WORK.

Going Right:

- Lowest one year drop in murder in our country's history.
- Despite 94% of economists being wrong about Trump's plans, third quarter US economy expanded at a remarkable 4.3%.
- Tariffs have brought 100s of billions of dollars into the U.S. and are fixing the trade imbalance.
- The "One Big Beautiful Bill" enacted the largest tax cut in U.S. history.
- The border is closed and secure.
- Legal immigration is being reevaluated with failed lottery system being removed.
- Gas and energy prices have dropped back to pre-Biden levels, moving us back toward being energy independent again.
- Stock market at all-time highs.
- Interest rates have been declining.
- Teen suicide has declined significantly.
- Drug overdoses have declined by 24%.
- Drug boats with drugs and narco-terrorists are being destroyed.
- Harmful DEI is being removed from the military and much of society.
- While no enlistment goals were met during the Biden administration, all annual military goals were met within the first three months of the Trump administration.
- Peace in the Middle East has made remarkable progress.
- Iran's nuclear capabilities either destroyed or set back decades.

Going Still Needs Work:

- Overall costs of things are still too high.
- Obamacare has been an epic failure and a grift to healthcare companies, and our healthcare is still not fixed.
- The Ukraine Russia war continues.
- The continued political violence from the left needs to be dealt with immediately.
- Accountability for all the voting fraud that everyone is admitting to now.

- Antisemitism is rampant on college campuses and needs to be handled as any racist behavior would be.
- America's food needs to be brought up to safe and healthful standards, removing bad, addictive and fattening ingredients.
- Corruption in the recent immigrant Somalians community in numerous states to the tune of billions of dollars needs legal consequences for those guilty in the community and the officials who were complicit.
