

Compression Hardware

Our empty compression hardware, as with every product we produce, is made out of the best materials offering great results! We offer many lengths, IDs and OD sizes.

Features:

- Machined from 316 Stainless Steel
- Improved efficiency
- Larger & silver coated threads reduce galling
- PEEK ringed Frit reduces leakage
- 11,000 PSI rated operating pressure
- Easy to use with multiple port configurations
- Tight gripping 1 piece ferrule, simpler assembly.

COMPRESSION HARDWARE

		10mm (30mm-300mm Lengths)
10100-CT		10mm x 100mm Compression Tube
10250-CT		10mm x 250mm Compression Tube
		7.8mm
78300-CT		7.8mm X 300mm Compression Tube
78200-CT		7.8mm X 200mm Compression Tube
78150-CT		7.8mm X 150mm Compression Tube
78100-CT		7.8mm X 100mm Compression Tube
78050-CT		7.8mm X 50mm Compression Tube
		6.22mm (30mm-300mm Lengths)
622300-CT		6.22 x 300mm Compression Tube
622250-CT		6.22 x 250mm Compression Tube
		4.0mm
40300-CT		4.0mm X 300mm Compression Tube
40250-CT		4.0mm X 250mm Compression Tube
40150-CT		4.0mm X 150mm Compression Tube
		4.6mm
46300-CT		4.6mm X 300mm Compression Tube
46250-CT		4.6mm X 250mm Compression Tube
46150-CT		4.6mm X 150mm Compression Tube
46125-CT		4.6mm X 125mm Compression Tube
46100-CT		4.6mm X 100mm Compression Tube
46050-CT		4.6mm X 50mm Compression Tube
46035-CT		4.6mm X 35mm Compression Tube
		3.2mm (30mm-300mm Lengths)
32050-CT		3.2mmX50mm Compression Tube
32250-CT		3.2mmX250mm Compression Tube
		3.0mm (30mm-300mm Lengths)
30050-CT		3.0mmX50mm Compression Tube
30100-CT		3.0mmX100mm Compression Tube
30250-CT		3.0mmX250mm Compression Tube
		2.1mm (30mm-300mm Lengths)
		1/4 Compression Ferrule
21050-CT		2.1mmX50mm Compression Tube
21100-CT		2.1mmX100mm Compression Tube
21250-CT		2.1mm x 250mm Compression Tube
