Moody Clinic Hosts 2nd Annual Camp Moody: A Transformative Outdoor Experience for Patients and Families

BROWNSVILLE, Texas — Moody Clinic, a local pediatric rehabilitation facility in Brownsville, TX, is proud to announce its 2nd Annual Camp Moody, taking place Saturday, April 18th at Camp Rio. This special event offers a once-in-a-lifetime opportunity for Moody Clinic patients to experience the outdoors in a safe, inclusive, & fully adapted environment tailored to meet each child's unique needs. This event is exclusive for Moody Clinic patients & not open to the public.

Camp Moody is designed to create meaningful, joyful experiences for children who often face barriers to traditional outdoor activities. With specialized equipment and thoughtful accommodations, campers will enjoy activities such as canoeing, tomahawk throwing, and interactive sensory exploration as they become "Dirt-Tectives" in hands-on sensory bins.

"Camp Moody is about more than just a day outdoors—it's about creating lasting memories, building confidence, and giving our patients and their families the opportunity to experience joy without limitations," said Jessica Cuevas, Moody Clinic's CEO.

This year's event is made possible through the generous support of returning signature sponsor Las Huellas, along with sponsor Valley Regional Medical Center. Their commitment helps ensure that Camp Moody continues to grow and reach more families in need.

Adding to the excitement, UTRGV Football players and Coach Travis Bush will be returning to volunteer their time, assisting campers, parents, and siblings throughout the day. Their involvement brings energy, encouragement, and a sense of community that makes the event even more special.

"On behalf of Moody Clinic, I am incredibly grateful to our sponsors and volunteers who help make days like this possible. Because of their generosity and support, our patients and their families are able to create meaningful, lasting memories together," said Laura Gonzalez, Moody Clinic Board Member.
