

MASTER LIST OF PHARMACIES BY STATE

(including a couple entries that specifically mention the District of Columbia)

Please note: We DO NOT accept insurance and will not offer a **prior authorization** or **pre-authorization** for medications. This is a function of insurance and we are not able to accommodate these requests.

The accessibility of covid treatments through these pharmacies is always changing. It is the responsibility of the patient to call these pharmacies to verify that they are still filling WITHOUT a diagnostic code and to confirm that they have a supply of Ivermectin or Hydroxychloroquine in stock and to also confirm pricing and pickup or delivery arrangements.

Click on your state to review the pharmacy options:

If the pharmacy under your state resides in a different state, they should still ship to your state.
