

# MASTER LIST OF PHARMACIES BY STATE

(including a couple entries that specifically mention District of Columbia)

***Please Note:*** We DO NOT accept insurance and will not offer a **prior authorization** or **pre-authorization** for medications. This is a function of insurance and we are not able to accommodate these requests.

The accessibility of covid treatments through these pharmacies is always changing. It is the responsibility of the patient to call these pharmacies, to verify they are still filling WITHOUT a diagnostic code, to confirm they have a supply of ivermectin in stock, and to confirm pricing and pickup or delivery arrangements.

If you find another pharmacy that will fill according to our criteria please send us the information- it has to be in the database... We cannot call or fax pharmacies.
