From the President.....

Happy summer everyone! Well, here we are in the busy months of summer. Hold onto your hat because suddenly the shows will be over and fall will surprise us. It happens every year. Plan ahead and make the best of our short warm weather show season in The Empire State.

In my last writing I told of noted IH collector Stew Paquette's passing. Now we learn of the closing and sale of his entire collection in October. Shocking and surprising news is out that Stew Paquette's Family has announced with a heavy heart the closing of a chapter in their life with the October 14 dispersal of his IH museum collection. We International Harvester Collectors have suffered three heavy losses of late with the Passing of Darrell Darst's in 2019 and the sale of his collection, then the passing of Jerry Mez in 2021 and sale of his Farmall-Land, and now the end of the famous Leesburg, Florida Paquette's Historical Farmall Museum.

This has happened to everyone with old tractors. You park it in the barn after a day's work and all is well. Then the next day the tractor has an issue. Sliding the barn door open I was greeted by a leaning tractor with a half flat rear tire. This happened with my International 140 Hi Clear recently and all I could picture was getting my tire guy for a costly tube replacement or worse. Then the old networking resource kicked in as I

explained the tire situation to my Ontario Canada Chapter 20 friend, Erik Dekeyser. This amazing IH collector, restorer and mechanic has bailed me out of more old iron mechanical dilemmas than I can recall. Once again his 173 miles away online advice solves the tire problem. Said he: "Replace the liquid valve stem guts." It worked! Thank you Erik.

Our May 8 Plow Day was a fun day with pleasant weather and a nice turnout of members for our meetings and either participating in plowing or just comfortably sitting watching every color and size classic tractor you can imagine. A huge thank you to our Past President Lew Esten for inviting us to partake of his fun weekend event. The meetings went well and the food was excellent. We hope to make this an annual Chapter 35 event.

Patty and I just returned from our long drive to Houston, Texas for my granddaughter's graduation. We could not drive past Kentucky without stopping off at Benham to see the "*Little Town That International Harvester Built.*" I have prepared a story about this little coal mining town for a future issue of Harvester Highlights. I am sure you will find it an interesting read.

Our highlight of the summer schedule is now history as our 2022 Chapter 35 Picnic was a fun time with more food and friendship than one could imagine. The picnic just gets bigger and better each year. See the picnic meeting story elsewhere here in Farmall Flyer.

2022 will go down in my history book as the year of last minute cancellations. All are familiar with the IHC Winter Convention cancellation in March. Well, chalk up this year's Roundup trip as a "no go" for me also as unexpected family stuff coupled with five-dollar plus per gallon fuel costs kept us from making the six and a half hour drive to Springfield, Ohio. This after planning on going for the past year. From all I have heard and read, the folks at Ohio Chapter 6 put on one heck of a show. At least I have the show belt buckle that I sent for as a keepsake.

I had a nice conversation with our Charter Member #030 Dick Dahmer of Orchard Park, NY who did attend the Roundup and he said the show was really good with perfect weather. As you know they featured the 75th Anniversary of the Farmall Cub and KB Series trucks. This Roundup was special for Dick because he hauled his 1951 Farmall Cub to the show as it qualified for entry into the *IHC HERITAGE TRACTOR* display. Dick's dad purchased the tractor new when Dick was 3 years old and he has pictures of him sitting on the Cub. The Cub has been in the family all its life. Dick said there were several rows of Heritage Tractors on display and each owner received a special Heritage sign.

Again this year we have been invited to take part in the Ionia Methodist Church Annual Fall Festival in Ionia, NY. The festival on church grounds at 2120 Eaton Road includes all kinds of great food, displays, hayrides, and more. The largest all color tractor parade in the region takes

place at 1 PM. Chapter 35 participation in the parade is on your own because we all know our insurance does not cover parades, rides or pulls. Many of our members have joined in this fun for years.

I encourage all *Farmall Flyer* readers to visit our website and make it a habit. We have tons of photos and information there that is kept updated by Dave Meacham. Check it out at www.ihcc35ny.com

Until the fall issue of this newsletter, wishing everyone a safe and fun summer. Hope to see you at the NYSEA Pageant of Steam Show in Canandaigua, NY, and the WNYG&SEA Rally in Alexander, NY.

Happy red tractoring!

Best regards,

Gene

Hello IH Collectors and Friends,
Once again it saddens me to be the barrier of shocking news. Stew Paquette's Historical Farmall Museum in Leesburg, FL will be closing on July 30, 2022. The Museum's contents will be dispersed by Aumann Auctions on October 14th. Additional information and Museum hours through July can be found at <https://www.stewsihstuff.com> For auctions information visit www.aumannvintagepower.com . It is stunning that this man's great achievements in regards to collecting and preserving International Harvester tractors, trucks, equipment, and products will be dispersed to the winds so soon after his passing. It is hopeful that at least some of his collection will be retained by those of us who have as much dedicated respect and love for International Harvester as Stew did.

Charles G. Stevenson
President, IHCC
Florida Chapter 27

Randy and I had hoped to visit this amazing museum. I hope some of you had the chance to see his collection. His family has other occupations and doesn't have the time and Jerry who was instrumental in the running of the museum died just a bit before Stew consequently the family made the decision to sell his beloved IH collection.

Visit our website: www.abc13.com ny.com

Issues facing the board of directors: As we all know, prices are increasing across the board. At this time, 41 chapters are raising dues by \$5. The board of directors is currently thinking about doing this for the upcoming year (2023). Dues would be \$25, with \$15 going to the National Chapter and \$10 staying with our local chapter. Another issue is our newsletter; at this time, most chapters are already using an e-newsletter. With our current printed format, it limits the number of pages we can have as well as colors. There's also a high cost of postage. We will try emailing the Farmall Flyer with the next issue, and members who do not have computer access can still receive a copy in the mail.

Red Power Roundup is almost here! The Roundup is being held in Ohio, and it probably won't be closer to us than Springfield, Ohio in many years. Think about attending.

Summer Picnic: Our annual Club picnic will be 06.26.2022 at Butch Christ's farm in Kent, New York. Members should RSVP to Gene by June 12, and bring lawn chairs. Please remember to wear red! The cost of the meal will be covered by the chapter. There will be a Directors' meeting at noon with General Membership meeting at 1 p.m. followed by lunch at 2 p.m. After lunch, there will be hayrides through the farmlands and woods area.

Red Power Showdown: Chapter 17 is planning on hosting a Red Power Showdown in Bloomsburg, PA in 2024. Chapter 17 has hosted three roundups, and two years ago had a Red Power Showdown. Events are held at the Bloomsburg Fairgrounds.

State Show: The State Show will be at the Alexander Steam show this year in September. Please bring some tractors! Club meeting will be on 09.10.2022.

Newsletter: Please share your stories and feel free to send in a couple of pictures.

Annual Election: We have three expiring director terms (Gene, Dick, and Dave); all three are planning to run again. At this time, director Harry is having some health issues, but still remains a director. We ask that members consider running for a director position and share some new ideas for the club. Interested members can apply with a 150-word bio sent to Gene. At the September 10th meeting, we will post election candidates and accept nominations from the floor. At the November 13th meeting, we will announce the election results.

Christmas Party: We need volunteers for the Christmas Party Committee!! We would like to have information ready regarding the party date and installation of officers date at our November 13th meeting.

Geneseo Barn Fire: There was a barn fire in Geneseo New York on 05.02.2022. Tom McCauley, Treasurer provided information; 3 antique tractors (green ones) were lost in the fire, which is being attributed to an overheated wood stove at approximately 3 A.

General Discussion:

- None noted.
- A group photo was taken today; many thanks to Gunner, our volunteer photographer!

Good and Welfare: None

50/50 Drawing won by: The Welkers \$9 for club; \$9 for winners

ELBA PLOW DAY

By Gene Preston

Our May 8 Plow Day was a fun day with pleasant weather and a nice turnout of members for our meetings and either participating in plowing or just comfortably sitting watching every color and size classic tractor you can imagine. A huge thank you to our Past President Lew Esten for inviting us to partake of his fun weekend event. The meetings went well and the food was excellent. The awesome toy display is the best I have seen. The huge fields were nearly completely plowed over the weekend by classic tractors and plows brought in from all around the region. Member John Langless of Avon, NY and his mighty IN 1963 560 Diesel Wheatland impressed all watching it work. Inside the modern barn a variety of pedal tractors made for riding fun for the youngsters. We hope to make this an annual Chapter 35 event. Check out our website for photos.

CHAPTER 35 ANNUAL PICNIC

By the Picnic Committee

Butch and Cindy Christ rolled out the red IH carpet for our annual picnic at their wonderful farm in Orleans County. And what a picnic it was! Our club banner attached to the fence by the main entrance to the farm announced our presence to all arriving. Nearby was a beautiful flower bed displaying a huge IH logo and Butch's collection of old Farmalls lined up along the long farm driveway making a nice Sunday noon welcome. The weather cooperated even though rain was predicted for late afternoon.

A strong turnout of members enjoyed a day of much leisurely visiting sitting in the shade with cold drinks abound. It was good seeing charter member #086 Rob Mings at the picnic. He has bounced back to good health once again and we thank the Lord for that. Our prayers continue for Anita DeGlopper as her treatment continues. And we missed Directors Harry Pankow and Sharon Rissinger both ill and unable to attend. We directors held our meeting at 12 noon followed by our general membership meeting inside the spacious farm shop building protecting us from the hot sun and looming rain clouds over nearby Lake Ontario. Meeting minutes printed elsewhere here in *Farmall Flyer* reflect business conducted at our last two meetings. Thanks to our Secretary Sandra Austin for her excellent meeting minutes.

The summertime aroma of Bar-B-Q chicken cooking outside filled the air as the gavel fell marking the picnic meeting adjournment. Then our hosts Butch and Cindy announced dinner was ready, and the long line quickly formed. In the usual Christ Family style, there was more food than our plates could hold. How about that fresh tomato and cucumber salad! And of course, Cindy's trademark homemade strawberry shortcake pleased everyone at dessert time. At one point Cindy called the family together and introduced them to us. Next came our traditional group picture as Butch brought

the big hay wagon around front and we arranged chairs and bales of hay and our three club flags for the group photo of excited members mostly wearing red. It will be a dandy photo for Kevin Darst to publish in a future edition of *Harvester Highlights*. Once everyone was safely seated with Butch at the wheel of his mighty 756 loader tractor hooked to a tri-axle wagon, we proceeded on down farm lanes. Butch stopping at points of interest to tell of cool farm stories putting personal touches to the tour. He told of buying that 756 tractor when he was only 18 years old. Back on the wagon with the rest of us Cindy told of days gone by when she and Butch purchased the farm as a much younger couple. Today their children fit right into the farm operation and are not afraid to do the hard work required when you live on a family farm. We arrived back at the barn as just a few rain drops fell and then stopped. Dave Meacham has posted on our website the pictures taken at the picnic. For those without computers a few pictures are included here.

We do not award a prize for the member driving the farthest, but if we did charter member #069 Mike Della Rocco of Melrose, NY, Rensselaer County, would be the winner. A retired farmer, Mike calls by phone to chat now and then. His round trip drive add up to more than 600 miles for him to spend the afternoon with us in Orleans County. Mike, we applaud you and thank you for blessing our picnic with your friendship and humorous stories. We put Mike to work alongside Past President Anita DeGlopper drawing and announcing the ticket numbers for the 50-50 drawing and door prizes. Members caring to take one received a surprise gift from Cindy's greenhouses at day's end in the form of a tray of beautiful blooming Impatient flower plants. That made us all winners at this year's picnic. Thank you very much Cindy.

Another highlight of the day was seeing 10-year old Oliver Macauley running around the place having a grand time. Let's hope more youngsters take an interest in our hobby, a hobby where our tractors will outlive us all. I can only hope that we are not committing a bylaw crime or something like that by welcoming a lad named Oliver as part

of our IH clan. We have a super photo of little Oliver holding the club American flag with his grandfather Dean Macauley while we all said the pledge.

This completes the story of our 2022 Picnic. Thanks again to the Christs and our attending members that helped out on the grounds and supported our big social gathering of the summer. We were blessed with outstanding food and the friendship and joy of our brothers and sisters of Chapter 35.

TRACTOR SHOWDOWN AT THE CHARCOAL CORRAL

The 11th Annual Tractor Showdown held at the Charcoal Corral in Perry, NY on a perfectly gorgeous Sunday brought out 88 tractors. Most of them were all spiffed up in their dress clothes, but a few came in their work clothes since they still must sometimes work to earn their keep. Either way they were all happy to be out seeing other brands from farms and collections from other places.

Thank you to the following club members that attended- John Langless with a Farmall 660 Wheatland (not many if any of these in our area), Dale Rissinger with his '62 Cub Cadet Original and pedal tractors. Alan Rudgers brought his '45 Farmall W-4, Terry Page with his '55 Farmall 300 both very nicely restored. Tom Macauley showed his big IH 1206 Wheatland and Brant Sherlock all the way from Moravia with his rare '61 yellow Cub with a trencher. This was a cute little outfit. Merritt Broughton with a '40 Farmall M and '54 Farmall MTA both gleaming in the sunlight. Steven Sondericker with the beautifully restored '54 Farmall Super MTA his dad had restored, Rich Kohl with his '48 Cub that loves to show off her sparkling red attire with lots of chrome accents. Then there was Logwell Acres from Pavilion that brought their '72 IH 1066, '62 IH 560D and a '49 Farmall MD that were all sporting beautiful red shiny paint from flawless restorations.

For me there is just something about that red color that gets me excited, maybe because my grandfather had an IH dealership back in the 40's. I guess I bleed red. All colors are special to different people mainly depending on what color you grew up with. Rows of all colors is a sight to behold on a day filled with blue sky, sunshine and a nice breeze along with exhibitors exchanging stories and renewing friendships. It doesn't get any better for a country girl. *Becky*

A PEEK of the PAST

Our Peek of the Past for this issue of *Farmall Flyer* shows photos of our chapter hosting the National Consignment Auction November 14 & 15, 2008 at Alexander Firemen's Recreation Hall and Grounds. Consignments included 1000 lots of memorabilia, 670 lots of parts, 44 tractors, 3 crawlers, & 15 Cadets. This was a major accomplishment of which Chapter 35 continues to be very proud.

This was from a friend who went to RED POWER ROUNDUP along with others in the group.

Red Power Round Up 2022 Red Power Round Up for 2022 is in the history books and was one of the best and largest Carol and I have ever attended. A total of 5,500 people walked through the gates which does not include those of us with wrist bands for camping or wrist bands for bringing a tractor. There were 700 tractors (about 90 were heritage tractors), 100 implements, 115 trucks, 150 garden tractors, 55 engines and 30 vendors selling memorabilia. The fair grounds were perfect for the event with most everything relatively close. We had 29 members make the trip to OH taking 3 heritage tractors, one low crop tractor and one pickup. Marvin, Diane and Ben Adams brought out two heritage tractors, a Farmall H and a Farmall 460. Carol and I displayed my grandfather's F-14, Phil and Lori Hemminger brought out their KB-1 pickup and Charlie and Lynda Millerd brought their low crop.

During the Saturday afternoon national meeting IH Chapter 1 from Missouri won the bid for Red Power Round Up 2025. The dates will be June 26, 27 and 28 at the Missouri State Fair Grounds, 2503 W 16th Street, Sedalia, MO 65301 (1,028 miles from Geneva).
