

An aerial photograph of a river delta, likely the Mahakam River in Indonesia, showing a complex network of channels and a large area of agricultural fields. The image is framed by a dark green circular border.

OUR PURPOSE IS

to accelerate humanity toward a more sustainable, secure, and prosperous world, by illuminating environmental and social change.

That's why we're...

MAKING DATA ACCESSIBLE

Planet regularly collaborates with *academic, philanthropic, nonprofit, technical, government* and other partners to produce **digital public goods**

CREDIT: OSA CONSERVATION

The background of the entire image is a repeating pattern of small, semi-transparent Earth globes. The globes are arranged in a grid-like fashion, with some appearing slightly larger or more prominent than others, creating a textured, globe-themed background.

MAKING DATA ACTIONABLE

Accelerating response to crises
and disasters.

An aerial photograph of a dense forest, likely a savanna or woodland, with a dirt road winding through it. In the bottom left corner, a person wearing a green cap, a dark jacket, and a backpack is looking through binoculars. The image is overlaid with a dark green rounded rectangle containing text and several bright green circles connected by thin lines, suggesting a network or data flow.

With **Planet's** near-daily satellite imagery and alerts from our partner **SCCON's** platform, the **Federal Police** in **Brazil** can now *detect* and *investigate* **environmental crimes** and other **illicit activities...**

**faster, more
safely, and more
effectively.**
