

# 17-24-30 National Hate Crime Awareness Week (1184819)

# Anti-hate Charity

Each year we run our annual **H.O.P.E Campaign**

## Hate crime awareness

Raising hate crime awareness by organising events that bring people together, remembering those lost, signposting advice and support to those who need it, sharing information and experience.

## Operational responses

Improving operational responses to hate crime by ensuring our communities consider how they should be prepared. Making sure people know the variety of ways that they can respond.

## Preventing hate crime

Learning from previous hate crime attacks so that we can prevent them happening again.

## Empowering communities

Enabling communities to work with key partners and local authorities (police and councils) to tackle local hate crime. Working together to counter all forms of hate speech and abuse whilst promoting unity and inclusion.

You can report hate crime directly to your local Police Service or via True Vision.

**Dial 999 in an emergency.**

Or

**dial 101 if it is not an emergency.**

If you don't want to speak to the police, you could contact your local council authority or a third party organisation.

We provide links to all of these organisations on the hate crime reporting page on our website; **[www.nationalhcaw.uk](http://www.nationalhcaw.uk)**

in October and our annual **H.O.P.E.**  
**Campaign.**

We strive to bring people together, to say no to hate crime and make our communities safer for everyone.

We believe it is important to remember the victims of hate crime, to signpost advice and support services to those who need on-going support.

To recruit and train volunteers to be able to raise hate crime awareness, to improve operational responses to hate crime, to prevent hate crime and to work with local authorities, key partners and communities affected by hate crime to tackle local hate crime.

## April Acts of Remembrance

We take the first part of our name **17-24-30** from the dates of the three London Nail Bomb attacks targeted against the **Black, Asian** and **LGBT+** communities of **Brixton, Brick Lane** and **Soho** on the **17th, 24th** and **30th April 1999**.

The charity was founded in March 2009 to mark the 10th anniversaries of these attacks. Each year we organise the **April Acts of Remembrance** on the 17th, 24th and 30th April to remember those lost and those who need ongoing support.

## October National Hate Crime Awareness Week

In October 2009, after the death of Ian Baynham, we organised the first **London Vigils against Hate Crime** - attended by over 10,000 people.

We held four vigils in Trafalgar Square between 2009 to 2012.

In 2012 the London Vigils evolved into **National Hate Crime Awareness Week** which we coordinate between the **2nd to 3rd Saturday in October** each year.

We coordinate the annual **Act of Hope and Remembrance** at St Paul's Cathedral. We register thousands of events around the UK and map them on our **Google Maps**.
